EAST LOTHIAN COUNCIL – INTERNAL AUDIT PAYMENTS TO SCOTTISH WATER

1. EXECUTIVE SUMMARY

1.1 Introduction

A review of the internal controls surrounding the administration of Payments to Scottish Water was carried out as part of the Audit Plan for 2013/14. A summary of our main findings is outlined below.

1.2 Areas where Expected Controls were Met

- Checks are in place to ensure that billing system parameters for water and sewerage charges are correctly entered on the Capita system prior to Council Tax bills being produced.
- Mandatory water charge reductions are correctly applied to taxpayers' accounts in accordance with legislation.
- Systems are in place to ensure that key information from the Capita system is correctly updated for water and sewerage charges to enable payment calculations to be carried out.
- Adequate arrangements are in place to ensure that payments to Scottish Water are properly authorised and submitted by the due date.
- Adequate documentation is in place to support the total number of properties used in the payment calculations.
- Procedures are in place to ensure that the collection fees due to the Council are correctly calculated and are properly deducted from the payments made to Scottish Water.

1.3 Areas with Scope for Improvement

- There was a lack of adequate documentation in place to support the adjustments being made in the payment calculations for costs raised. *Risk – inappropriate adjustments may be made.*
- The current checking arrangements in place to ensure that payments made to Scottish Water are accurate and complete require review. *Risk – errors and irregularities may occur and remain undetected.*

1.4 Summary

Our review of Payments to Scottish Water identified areas with scope for improvement. Detailed recommendations and opportunities for improvement are contained in our main Audit Report.
