MEMBERSHIP

It is expected that each Area Partnership will evolve to operate differently in each area over time. Initially however they will be established with a standardised membership. The selection of member organisations for the Area Partnership should aim to:

- Represent the geographic diversity of the area
- Recognise the role statutory groups are already playing in representing community interests
- Ensure a balance between the different interest groups across an area
- Provide opportunities for a diverse range of active groups to contribute
- Ensure that the interests of equality groups are acknowledged.

Membership will include:

- All elected members from the ward;
- 1 or 2 representatives from each community council in the ward (depending on the size of the population they represent)
- 2 members from Tenants and Residents Associations,
- 2 Parent Council representatives – one from the High School and one representing Primary schools in the cluster
- Around 6 representatives from active community / voluntary sector / business groups – selected through an appropriate, locally determined process.

Once established Area Partnerships can co-opt additional members as required to provide expertise or different perspectives on issues that arise locally.

AREA PARTNERSHIPS –WAY OF WORKING

MEMBERSHIP AND REPRESENTATION

- Member organisations will identify one named member and one named substitute to represent them on the Area Partnership.
- Each member (except Councillors) will therefore have a named substitute able to attend and act on behalf of the group/s they represent if the named member is unable to participate in a meeting.
- Substitutes can attend meetings alongside named representatives as observers only.
- Partnership members will need to keep their substitute up to date with the business of the Area Partnership so that they are able to participate and take decisions when required.

CHAIR AND VICE CHAIR

- The interim Chair of the Partnership will be a senior East Lothian Council official. If the interim Chair is unable to attend the meeting it is his/her responsibility to delegate this role to a suitable officer.
- A Chair of the Partnership will be appointed by the Area Partnership at the annual meeting, which must be held within the first year of operation, and annually thereafter.
- The Vice Chair will be appointed by the Area Partnership at the annual meeting.
- If both the Chair and the Vice Chair are not at the meeting a Chair will be chosen by those present.

AREA PARTNERSHIP MEETINGS

- The Area Partnership should meet at least 4 times per year– and more if needed. The frequency and venue will be agreed by each Partnership.
- Sub-groups can take forward business between meetings, reporting back to the Partnership as appropriate.
- Agendas will be based on the Area Plan and emerging local issues.
- Members of the Area Partnership can request items for future reports and updates, through the Chair.
- Any local person or group can contact the Chair in advance of a Partnership meeting to raise a matter they would like to propose for the agenda. The Chair will decide if the matter is relevant in relation to the Partnership's remit and agenda. If it is not relevant for this Partnership, the Chair should assist by signposting to the appropriate organisation or group.
- Meetings are open to any local person or group as observers. The Chair can invite observers to speak if their input would be relevant to an agenda item.

Preston Seton Gosford Area Partnership

- The Chair can invite others outside of the Partnership to present a report or speak to an item at a meeting.
- An Annual Meeting will be held which is open to anyone from the area where local groups and the general public can review progress on the Area Plan.
- Additional committee roles can be determined at the annual meeting and allocated from within the Partnership membership

QUORUM

- The quorum for meetings is 50% of members +1

DECISION MAKING

- Decisions should be taken in meetings wherever possible.
- Decisions should be taken based on the views of the members and importantly the views of the community through active consultation and engagement processes outside of business meetings to ensure that wider views are heard.
- Consensus should be reached wherever possible. In the event that the Partnership is unable to reach consensus in any matter a vote may be required.
- Decisions may be taken out with meetings on occasion e.g. emergencies or short deadlines. In these cases, the Chair should communicate with members of the Partnership by phone, email, post, etc., as appropriate, to make the decision and report the matter at the next meeting.

COMMUNICATIONS

- Agendas, reports and minutes will be publicly available on the Council E-gov system which can be accessed through the Council website.
- Minutes of meetings will be distributed as soon as possible after meetings and within one month, to enable members to follow up on actions with their groups and enable input.
- Notice of agendas and reports will be distributed (normally by email) to Partnership members two weeks prior to the meeting.
- Members should report to the groups and organisations they represent on the business of meetings using the Partnership Feedback form.

2. Area Partnerships – Frequently Asked Questions

East Lothian Partnership

The Role of Area Partnerships

Q) What are Area Partnerships?

A) Area Partnerships are the local element of community planning which is led by East Lothian Partnership. Area Partnerships are the main opportunity for local communities to contribute to The East Lothian Plan Single Outcome Agreement 2013-23 (the 10 year overarching plan for East Lothian) and to influence the way services are planned and delivered in their area.

Q) What will Area Partnerships do?

A) The role of each Area Partnership is to determine local priorities for their Area Plan that are aligned to the East Lothian Plan. Area Partnerships will also provide the principal point of contact for consultation and engagement with communities enabling them to influence The East Lothian Plan and related key strategies and plans.

Q) How do Area Partnerships fit with the East Lothian Partnership structure?

A) They are part of the Partnership structure and will have a direct link to the Safe and Vibrant Communities Partnership but will be able to communicate with any of the other partnership groups.

Membership

Q) Who will be members of the Area Partnership?

A) The core membership will consist of the area's East Lothian Councillors, and representatives from Community Councils, Tenants and Residents Associations and Parent Councils. A cross section of community organisations will also be members of Area Partnerships to capture the collective expertise on local issues.

Q) Can anyone be a member of the Area Partnership?

A) There are limitations on who can be members of the Area Partnerships to ensure that it is the community's interests that are represented. Members will be representatives from existing community groups. Service providers will support the Area Partnerships by reporting to, and giving their expertise on specific issues, to them as and when needed.

Q) What happens if members don't agree on issues?

A) It is anticipated that Area Partnerships will work through consensus wherever possible. If that's not possible then votes can be taken to decide on the matter.

Q) Who will chair the Area Partnership?

A) Initially the Chair will be a senior Council officer but a new Chair and vice-chair of the Partnership will be appointed by the members at the annual meeting.

Area Plans

Q) How will the Area Plan be developed?

A) The Area Plan will be developed based on statistical data and local intelligence by the Area Partnership and service providers with involvement from the wider community. The Area Plan will establish local priorities and an Action Plan.

Q) Who will approve the Area Plan?

A) The Area Plan will be approved by the Area Partnership itself, then by the Safe and Vibrant Communities Partnership.

Q) Who will deliver the Area Plan?

A) It is expected that the Area Plans will be delivered mainly by service providers.

Preston Seton Gosford Area Partnership

Members Capacity

Q) Will membership of an Area Partnership over burden groups who are already playing a significant role in their community?

A) Membership of the Area Partnership will hopefully simplify existing networks and bring local groups together – limiting overlap/ duplication in work and identifying more efficient ways of working together.

Q) Will local groups be expected to take on the servicing of Area Partnerships?

A) Council officers will take the admin roles of the Partnerships such as organising meetings, writing minutes etc.

Q) Will Area Partnership members receive support when necessary on issues they may lack knowledge on?

A) Yes, they will be given information and support by relevant services. Training can also be provided if required.

Inclusion

Q) Will Area Partnerships be dominated by the large towns to the detriment of the smaller towns and villages?

A) The membership of the Area Partnerships has been set to include representatives from community councils, tenants and residents associations and parent councils from the smaller settlements to ensure a fair representation.

A) The Area Partnership will also use creative ways to engage with the wider communities they represent, for example, to explore priorities for the Area Plan.

Q) How will we ensure that young people are involved?

A) Young people (16 – 24 years) are being actively sought from local groups to be members of the Area Partnership. We will seek the views of young people on a range of issues through local organisations and networks.

A) Children and young people's interests should also be represented through other members such as parent councils.

Partnership Working

Q) How will the CAPPs (Community and Police Partnerships) fit with the Area Partnerships?

A) Police Scotland are currently developing Ward plans and the actions from these will be included in the Area Plan. We anticipate that the work of the CAPPs may evolve alongside the development of the Area Partnerships to encompass wider safety issues in each ward.

Resourcing

Q) Who will do the supporting work of the Area Partnership?

A) Council staff will provide organisational support to run and develop the partnerships. There is a small operational budget to support this work. E.g. to cover printing costs, communications and refreshments.

Q) Will members be able to claim expenses?

A) Unfortunately no.

Q) Will the Area Partnerships have a budget?

A) It has been confirmed in the Council's 3 year budget (approved 11th February 2014) that budgets will be devolved from existing funds starting in financial year 2015/16 and these will be linked to the delivery of each Area Plan.

Preston Seton Gosford Area Partnership

Q) What's the difference between Area Partnerships and Community Councils? Is there potential for overlap?

A) Community Councils will continue to carry out the work they do in their local areas (e.g. commenting on and making representations on planning applications) while Area Partnerships will focus on strategic issues for the Ward area. Community Councils will contribute to the production of the Area Plan for their area. Area Partnerships will provide a forum for Community Councils to work collectively on issues affecting the wider area.

Publicity

Q) How are we going to publicise the work of the Area Partnerships?

A) Using various means depending on the nature of the work. For example, the minutes, agendas etc of the partnerships will be publically available through the Council website. General information sharing will come through member organisations to their networks and local digital media. Other possibilities are local press, Council & Partners newsletters, Social media and local radio, depending on the target audience.

Political Allegiance

Q) How will we ensure that Party Political priorities don't overshadow community priorities?

A) All Political parties represented on East Lothian Council are committed to developing this Area Partnership model and to participate in the Area Partnerships.

When?

Q) How quickly will the Area Partnerships be set up?

A) It is anticipated that the six Area Partnerships will be established by summer 2014.
