

Preston Seton Gosford Area Partnership

PRESTON SETON GOSFORD AREA PARTNERSHIP PLAN 2015-2025

Introduction

The Preston Seton Gosford area is a great place to live and the Preston Seton Gosford Area Partnership Plan is about making life even better for everyone who lives, gets around, works and visits the area. It is a chance to do things differently.

The Area Partnership brings people from across the community together to get our voices heard and influence decisions about the things that matter to us. We will continue to work with communities across the Partnership Area to develop this ten year plan in a fair, transparent, accountable and inclusive way.

Our Vision

Our vision is to work with our community to make life better for everyone who lives, gets around, works, and visits the Preston Seton Gosford Area.

Our Values

The overarching value of the Area Partnerships is to reduce inequalities both within and between our communities.

How we can make a difference

There are several ways for people in communities to have greater influence over decision making and influence over the things that matter to us.

- There are things we can do ourselves
- We can influence the way council and services are delivered in our community
- We can influence other public and voluntary bodies
- Once we have identified our priorities we can apply for funding so we have a bigger pot to spend

Preston Seton Gosford Area Partnership

The Area Plan aims to identify our long, medium and short term outcomes. In the longer term, we are working towards an area where we have:

- a welcoming community where everyone is valued
- people have a sense of belonging and feel positive about where they live
- people are healthy and active
- increased employment opportunities
- a network of paths/cycle ways joining all our communities

Aspirations

Within the plan we have identified priority outcomes and actions within the following aspirations:

- **Great place to live**
- **Great place to get around**
- **Great place to work**
- **Great place to visit**

GREAT PLACE TO LIVE

Our priority outcomes are:

- 1. We want to promote the sense of a 'village-identity' in the communities of, Prestonpans, Longniddry, Cockenzie & Port Seton, and develop the understanding that the area is made up of a variety of local neighbourhoods- each with their distinct needs and identities.**
- 2. Prestonpans Town Centre is revitalised and public space is used creatively by the community**
- 3. Green spaces within and between communities are protected and enhanced for community recreation**
- 4. Children have the best start in life and can access the services they need to help them develop and learn**

Preston Seton Gosford Area Partnership

5. We want to improve the co-ordination of services and support provided for young people across the Ward
6. Through targeted support for both pupils and their parents, attendance at school increases
7. Young people can and do access a range of volunteering and employability opportunities, including accredited opportunities, and have the opportunity to play an active role in shaping the future of this community and develop into confident citizens
8. Our communities are able to make healthy choices and access the services they need in order to maintain a positive level of physical, mental and spiritual health
9. Older people can live in the community longer with access to the support they need as and when they need it
10. Everyone can access the places, spaces and facilities that they want to
11. Local residents are well informed about opportunities and developments in their area and how they can get involved
12. Local Communities, police and other public agencies work effectively together to ensure PSG remains a safe place to live
13. We want to ensure people living in the area can access affordable housing

GREAT PLACE TO GET AROUND

Our priority outcomes are:

14. Traffic calming measures are introduced at key locations across the Ward and our roads and pavements are in a good state of repair
15. We want to increased the use of active modes of travel (ie walking and cycling) for trips within the PSG Ward and Public Transport services that meets the needs of the people who use it

GREAT PLACE TO WORK

Our priority outcomes are:

16. PSG ward is “set up” for small business to operate from and encourages new business to the area

Preston Seton Gosford Area Partnership

17. Local people can improve their employability skills at a local level

18. The community can influence the future and potential use of the Cockenzie Power Station site

GREAT PLACE TO VISIT

Our priority outcomes are:

19. Visitor numbers to the area increase

East Lothian Partnership

Our local plan links to East Lothian Partnership which is working towards 10 strategic outcomes that together contribute to *an East Lothian where everyone has the opportunity to lead a fulfilling life and which contributes to a fair and sustainable future*. Further information on the outcomes can be found in the [East Lothian Plan](#).

After looking at the evidence and working with local people and community groups the Preston Seton Gosford Area Partnership has identified the priority areas listed for action across the three strategic objectives of the East Lothian Plan – **Sustainable Economy, Resilient People and Safe and Vibrant Communities**.

Preston Seton Gosford Area Partnership allocated funding for Short Term Priorities in September 2015 - highlighted in GREEN

Preston Seton Gosford Area Partnership Actions completed - highlighted in Blue

Preston Seton Gosford Area Partnership
