Note 3:

The appropriate premises licence (including summary licence, operating plan and layout plan) must be returned to the Licensing Authority in order that the licence documents can be updated to reflect the details of the variation. If you are in possession of the appropriate Premises Licence but unable to provide said licence with this application, you must ensure the licence is forward to the Licensing Authority within 14 days in order to complete the process of variation.

Please note also that once the variation is completed, any certified copies of the appropriate Premises Licence must also be updated to reflect the details of the variation.

Note 4:

This refers to an application to Transfer the Premises Licence made under either Section 33(1) or Section 34(1) of the Licensing (Scotland) Act 2005

Ref; Elphinstone Miners Welfare Society and Social Club, Change status of club to an open licence. - OBJECTION

Dear Ms. MacNeill,

It has come to our attention that the Elphinstone Miners Social Club is applying for an open licence.

We are the [REDACTED] in the village of Elphinstone, we wish to make clear our objections to any attempt to extend the licence of the said club.

The miners Social Club is sited on the farm entrance road which is a private road. This road has been maintained by ourselves for the last forty years. The club was originally used by local miners and their families when there was an active coal mining industry in the area, at that time very few people had cars and locals walked to the club and a pedestrian right of access was attained. Over the years as time have changed the club has had to rely on visitors from out with the village to keep it open. This has resulted in cars arriving and blocking the farm road, as patrons cannot, or do not try to find a proper place to park. We have put up signs stating that the road requires access at all times but they are ineffectual most of the time.

We are not only a working farm with land on either side of the village, with large machinery working long hours in need of twenty four hour access. We are also a family requiring access to and from our home at all times of the day and night; it is not unreasonable to insist that the social club prevents their patrons from blocking our driveway.

An unfortunate change in management recently has resulted in an escalation of incidents involving patrons and members of the club and the disgustingly aggressive behavior of member/patrons has resulted in the police being contacted at least once a week at present. It is now almost impossible to enter the club to ask members to unblock our driveway. We have no point of contact in authority to notify about the problems the club is causing and they have failed to provide us with any assistance. The lack of notification of this change in the licence is typical of the disrespect we and our property receive.

The club has a car park; it is poorly maintained and ironically has been locked to prevent local residents from using it. The club has failed to indicate its presence and although we have had

assurances from East Lothian council to signpost its existence, none have materialised. The police have advised the club to open their car park and we have noticed the barrier raised of late.

The farm entrance is on a bend in the road next to a major junction in the village. This limits the ability for road side parking. The residents in the village try to park outside their homes at night and at weekends and of course there are more vehicles than ever as this is a village with few facilities and limited public transport. The club is organizing events in the evenings and weekends when there is little or no road side parking available, and so it is easier for patrons to block our entrance than find a legitimate parking space. An open licence would make an already impossible situation even worse.

We have had to put a gate at the bottom of the farm road to prevent vehicles setting off our security alarms when turning in our yard late at night, the gate also prevents cars racing up and down the farm road. We maintain the road and grass verges to a high standard only to have the grass constantly damaged by vehicles trying to turn on a narrow drive rather than reverse back:

Taxis are also a constant problem as they park in the middle of our drive and their drivers usually wait inside the club for their fares to decide to leave. This is particularly difficult for female members of our family returning home and very uncomfortable about entering the club at closing time with many of the patrons having been drinking.

We have had assurances in the past by the club of efforts to keep our entrance and driveway open but they have always fallen on stoney ground sooner or later.

We have written to the Coal Authority Social Welfare Committee but they have only put a solution in the hands of the Club. We have had lawyers write to them also.

We have contacted the police, who have been very helpful and sympathetic and will continue to help us but their priority must go to other offences.

We have contacted East Lothian council about signs and road markings.

We have even contacted the council Licencing authority in the past.

Surely it is not right that a family and small business should be treated with the contempt we have to endure and the granting of an open licence would result in an escalation of unacceptable incidents. As a club all visitors should be signed in and are therefore accountable to the club for their actions, it would be possible for the club to transfer blame to people out with their responsibility if they gain an open licence. The very existence of this club must surely be questioned if they fail to act reasonably within the community.

Yours sincerely

19/05/2016

Dear Ms MacNeill

I wish to object to the application for major variation at the Elphinstone Minors Welfare and Social Club.

I received a letter informing me of the plans to vary the premises license on the 26th April 2016 and that I have the opportunity to object.

Over the last few months I have experienced threatening and anti-social behaviour on numerous occasions from people using the Social Club. I fully believe that the variation in license will only worsen these problems.

There has been criminal damage caused to property belonging to [REDACTED] This involved cars screwing up grass and driving over decorative stones which were put into place to stop cars turning on the grass as it happens that often. I approached one man doing this recently and experienced threatening behaviour. In addition to this damage, there have been cars parked on the private farm road every day belonging to people using the Social Club. This continues to be an ongoing problem despite signs stating the farm road must be clear 24 hours a day as it is a working farm.

Recently [REDACTED] was blocked in due to a car parked on the road and when he went into the club to ask for it to be removed he was threatened by numerous men younger than him. Later that day, [REDACTED] were also threatened as we stood in my garden by two separate men on the private farm road. These incidents were all reported to the police and between my [REDACTED] we have had diary appointments with various police officers to discuss these issues. In addition, I have witnesses to these events and also photographic evidence of vehicles parked on the private farm road, outside my home which is opposite the Social Club, and of the damage caused by cars turning on the grass.

There is also an ongoing problem with glasses and bottles being taken from the club and being smashed on the farm road and thrown into the farm cottage gardens. Litter in the area is also a constant problem.

In addition to these problems, I am also regularly woken up at around 1:30am to 2:00am on Saturday and Sunday mornings by drunk and disorderly people leaving the club. I have to listen to drunk shouting and singing, and frequently there are fights that spill out onto the farm road, approximately 10 meters from my bedroom window.

Another issue is that during the evenings or weekends, I enjoy sitting in my front garden but I feel too uncomfortable to do so as I frequently have people smoking on the front lawn of the Minors' Club watching over me with the smell of cigarette smoke in the air less than 10 meters from my

garden. As far as I am aware, this is not a designated smoking area as these smokers are simply standing outside an emergency exit.

These problems have been ongoing for many years now but I believe the club management has changed personnel since the beginning of the year and my family and I have noticed a dramatic increase in the occurrence of these incidents since these changes. As I mentioned before, the police have been contacted on numerous occasions but there have been no improvements. The club has its own car park but fails to open the gates regularly or notify its users that there even is a car park or where it is, by either word of mouth or by putting up signs.

I wholeheartedly believe that the management is incapable of running the club to an acceptable standard and if the application for license variation is granted, these problems will become much worse and much more frequent.

Yours sincerely,

Dear Maree,

I apologise for writing to you again concerning the Miners club in Elphinstone, but as my previous email indicated, the situation has not got much better and we now know that we must report any incidents.

I have included a photograph of a delivery lorry on the farm road and you will see that the driver has on this occasion made an effort not to completely block the road, but it is still the farm road and the club have failed to use their own car park for this.

I also want to notify you that on Friday evening [REDACTED] [REDACTED] we were unable to get home because of taxis abandoned and fully blocking our entrance. Unfortunately I do not have photographs of this.

Our own taxi driver became exasperated by his attempts to move those blocking the road and we were not prepared to walk the rest of the way home that late at night.

All I can say on the matter is that it completely destroyed our evening [REDACTED]
[REDACTED]

What can we do?

The police are unable to respond instantly, and that is understandable, but this club continues to make no effort to prevent it's patrons from disrupting our lives.

It was also obvious that numerous cars had been running up and down our drive when we were out, as the gravel at the bottom had been scattered about.

Do we have to lock ourselves in and never leave [REDACTED] we cannot make another entrance, our only hope of a solution is by contacting yourselves at East Lothian Licencing, in the hope that you can help.

Please can you ensure that this email gets to the appropriate persons and if possible we get an acknowledgement of receipt.

Once again thank you for reading this email,

Sincerely,

Just letting you know that I was recently approached by the chairman of the Miners Welfare Club regarding signage to inform visitors of their car park. We've agreed on 3 signs, all at their expense, see attached.

Hopefully the new signage will make patrons aware that they have a car park and will discourage people from parking on your road.

Dear Madam,

I am responding to letters from the Licensing Board dated 16th May, 20th May and email dated 1st of June all 2016.

16th May

- 1) At no time has the road been blocked as it is a 2 lane road and conventional vehicles from the farm have never been impeded. During harvest when large vehicles pass up from the farm no vehicles park in the road. The signage at the entrance to the road is poor and requires to be upgraded. (See photographs) I would suggest that if access to the farm is so critical a locked barrier should be erected at the entrance to the road.
- 2) We can categorically confirm that no aggressive behaviour has taken place outside the Club. There have been no visits or communications from Police Scotland in this connection.
- 3) Following a visit by Police Scotland on the 10th April in connection with the parking problem it was agreed that the car park barrier would be permanently open. Historically the car park was closed as local residents were using it to park caravans and to carry-out business activities.
- 4) Members and visitors to the Club have never parked on the grass edges at the entrance to the farm. The farmer places cones across the road to prevent access to the grass verges.

20th May

- 1) We are not aware of any threatening or anti-social behaviour taking place. There have been no visits or communications from Police Scotland in this connection.
- 2) We are not aware of any criminal damage taking place. There have been no visits or communications from Police Scotland in this connection.
- 3) We can categorically confirm that there has never been a problem with broken glass outside the Club.
- 4) We are not aware of drunk and disorderly members and guests causing a problem on egress from the Club. There have been no visits or communications from Police Scotland in this connection.
- 5) We were not aware of a problem with smokers outside the Club. If members and guests are smoking outside a fire door we will ensure that this practice ceases.

email 1st June

- 1) On Sunday 5th of June one of our Committee members had a party for her 7 year old granddaughter in the Club from 10.00am until 12.00 noon. A number of parents dropped their children off outside the Club and immediately reversed to the main road. Police Scotland were called.
- 2) These parents were visitors to the area and were not aware of the parking restrictions. Again as item 1 above the farm signage requires improvement.
- 3) For you information signs have been erected in the Club clearly stating that the road outside is a No Parking Area. Sample attached.

Additionally we have contacted ELC Roads Department and have instructed 3 Parking signs to be erected on the main road. Details of sign positions attached.

Yours faithfully,
