Dear Madam,

**LICENSING (SCOTLAND) ACT 2005 - REPRESENTATION
APPLICATION FOR THE VARIATION OF A PREMISES LICENCE
Lidl Uk GmbH (Store 1144)
Olivebank Industrial Estate, Musselburgh, East Lothian.
Lidl Uk GmbH**

I refer to the above application for the variation of a premises licence under terms of Section 29(5) of the Licensing (Scotland) Act 2005.

The variation requested consists of an increase in capacity from 45.16 square metres to 46.47 square metres as well as a further increase in capacity to cater for seasonal alcohol from 1st December – 2nd January each year of 58.49 square metres.

In terms of Section 29(5) of the Act this request can be considered a variation.

In terms of Section 22(1)(b)(ii) and (iii) of the same Act, I make the following representation on behalf of the Chief Constable.

Whilst the police have no objection to the grant of this variation, it is pertinent to point out that any increase in capacity is out with Board Policy with regards to the overprovision statement and as such the applicant will be expected to demonstrate that the grant of this variation would outweigh the presumption against grant in terms of the overprovision statement.

This representation is submitted for your attention in considering this application.

Yours faithfully

Philip Gormley QPM

Subject: LICENSING SCOTLAND ACT 2005
PREMISES LICENCE APPLICATION (MAJOR VARIATION)

Lidl UK GmbH, Olivebank Industrial Estate, Newhailes Road, Musselburgh, East Lothian EH 21 6RE

I refer to the above subject and can confirm that these premises have been visited and inspected in relation to application for a Premises Licence variation.

The variation applied for is out with the Licensing Board's policy on overprovision in relation to the increase of the current display capacity of 45.16m² to 46.47m² during normal non seasonal trading, and to seasonal trading of 58.49m² between 1st December and 2nd January every festive period. Non seasonal and seasonal increases in capacities are 1.31m² and 13.33m² respectively.

Previous applications to vary alcohol display capacity:

In May 2015 Lidl applied to change the size of the alcohol display capacity to 45.16m², an increase of 6.12 m².

In June 2014 Lidl applied to change the size of the alcohol display capacity of 39.04m², a decrease of 0.02 m². This was the result of refurbishment and minor display changes within the store.

In March 2013 Lidl applied for a reduction in size of alcohol display capacity 39.06 m², a decrease of 15.57 m²

In April 2011, Lidl applied to change the size of the alcohol display capacity to 54.63m², an increase of 7.56 m².

In August 2010, Lidl applied to change the size of the alcohol display capacity to 47.07m², a decrease of 7.02 m².

In September 2009, Lidl was granted an alcohol display capacity of 54.09m².

During the period that Lidl used the larger area of 54.63m², as granted in 2011, there were no operational problems identified or complaints received by Licensing Standards. This trend has continued to date.

Lidl is a very well run store and as such I have no objection to the grant of the current application.

Dear Ms Winter

MAJOR VARIATION – LIDL, OLIVEBANK, MUSSELBURGH

On behalf of Lothian Health Board, we would like to object to this application to increase the capacity of alcohol display in this store for a month over the seasonal period.

NHS Lothian is particularly concerned about the increases in alcohol being purchased from off-sales outlets due to the association with alcohol-attributable illness and death. 74% of alcohol bought in Scotland is now bought from off-sales outlets (NHS Health Scotland). This area of Musselburgh already has a higher number of off-sales outlets than both the national and East Lothian averages (CReSH). There is therefore no justification to increase capacity in this store and doing so would be likely to counter the licensing objectives, particularly that of protecting and improving public health.

Granting of the variation to this license would also disregard the overprovision statement in East Lothian Alcohol Licensing Policy which declares the whole of the area as overprovided for.

The Health Board therefore urges the Licensing Board to consider the impact of this application on public health in East Lothian.

Yours sincerely

Statement in Support of Non-Minor Variation of Premises Licence

In this application, Lidl UK GmbH ("Lidl") are applying to vary the premises licence to increase their off sale capacity from 45.16m² to 46.47m² during "normal" trading periods and separately, during the period of 1 December of each year to 2 January of the following year, a further increase to 58.49m², to account for increased demand during the festive period.

The increase of 1.31m² during "normal" trading periods is required during a minor refresh to the merchandising layout of alcohol within the premises. The display of alcohol remains within the same merchandising area of the premises i.e. the location of the display remains at the furthest aisle from the entrance to the premises and adjacent to the till counters, thereby allowing full supervision of the display area by management and staff of the premises.

The net effect of the merchandising change results in the area of display increasing by a very small amount, namely 1.31m². The products available to customers during normal trading will not change. The increase is simply as a result of the changed shelving layout resulting in a marginal increase in the area of display.

The second part of the increase in alcohol display applied for relates only to the festive period of trading at the premises, being 1 December to 2 January. During this period of trading, Lidl would like to make available an additional area of alcohol display, located next to the "normal" display to cater for (a) increased demand for alcohol purchases and (b) additional alcohol products that Lidl will only offer for sale during the festive period. (mainly liqueurs and speciality whisky).

In relation to the second part, Lidl are specifically applying only for set period of increased capacity i.e. the period of 1 December to 2 January. The alternative would be for Lidl simply to apply for the larger area of 66.83m² all year round but undertake to display "soft drinks" in the area during certain period of the year when trading is quieter. Lidl consider that their trading demands and obligations under the licensing objectives are better met by having only a fixed period of increased display – thereby avoiding the possibility that alcohol display might increase at other times of the year as it could do under the "soft drinks" model.

It is respectfully within the knowledge of the Board that demand for alcohol purchases generally increases during the festive period. The present application allows that demand to be served by allowing new products to be displayed and separately allowing displays of existing products to be increased. In the latter case, this removes the need for staff to be engaged in restocking products as often during busy periods. When 2 January is reached, the alcohol display area is then brought back down to the "normal" trading size to reflect the lowered demand for purchases.

The approach Lidl are taking in this application removes the need for annual applications for variation of licence to be made ahead of the festive period each year, followed by a minor variation at the end of the festive period. This approach reduces the burden on the Licensing Board and responsible authorities in processing these applications.

It is Lidl's submission that the grant of this additional display area will not result in overprovision of off sale display area in this locality and in particular, the grant of this variation is not inconsistent with the licensing objectives.

Lidl are a very responsible operator, who prides itself on its diligence and training of staff in all aspects of their work but with particular attention to the sale of age restricted products.

- Lidl regularly conduct their own 'integrity alcohol purchase checks' whereby they instruct an external agency to send in an 18 year old to attempt to purchase alcohol. Lidl's main objective in this is to ensure their employees are actively and thoroughly engaging in the Think 25 policy and carrying out the necessary ID checks. This allows Lidl to test the effectiveness of their Think 25 policy on an ongoing basis.
- Lidl routinely carry out Alcohol Licensing Audits in their Stores to ensure full compliance with the operating plan and also to ensure signage, training records etc. are in order.

Furthermore, and with a view to meeting the licensing objectives in store, Lidl adopt the following policies:

Protecting and Improving Public Health

- All Lidl stores merchandise the alcohol section as the furthest area from the customer entrance. As well as assisting with security, it also ensures that it is not necessary for customers to walk past the section in order to reach different areas of the store or reach the till counters. This reduces the likelihood of customers 'impulse purchasing' alcohol.
- Lidl were the first major retailer in the UK to remove the sale of tobacco in all stores.
- Lidl were the first major retailer in the UK to remove confectionary from the checkout / till area to reduce impulse buying of unhealthy items. Instead, Lidl display healthier alternatives.
- Lidl participates in the Department of Health's fruit and vegetable Responsibility Deal.
- Alcohol sold by Lidl focuses on quality not price. Lidl do not stock low price, high volume fortified wines or super-strength beers/lagers or any other products that might be more readily associated with problem drinkers.
- The Lidl till system cannot process alcoholic items either before 10am or after 10pm. This makes it impossible for licensing hours not to be adhered to.

Protecting Children / Young People From Harm

- Lidl follow our 'Think 25' procedure which requires all customers who appear to be under the age of 25 to provide valid proof of age documents should they wish to purchase an age restricted product.
- Lidl's tills automatically prompt the cashier that an age restricted item has been scanned and will not allow the sale to continue unless the cashier confirms the Think 25 procedure has been followed.
- The Lidl ID procedure also supports this objective as the senior manager on duty (a personal licence holder) must authorise all ID verification as required through the Think 25 procedure before a sale can be authorised. The existence of two members of staff completing the age verification process mitigates against under age sales and separately acts as a deterrent to underage persons attempting purchases.
- Lidl does not merchandise any sweets etc near the alcohol section; this reduces the likelihood for children / young people being near alcoholic products.

Preventing Crime and Disorder

- Lidl have installed EAS tagging systems in all stores with high theft risk items, including some alcohol lines. This acts as both deterrent and detection method for potential theft.
- Lidl have introduced bottle locks for spirits, which serves as a deterrent towards theft
- Lidl employs stringent training practices which develop staff to be aware of potential issues and how to manage difficult circumstances should they arise.
- No member of Lidl staff is permitted to undertake checkout duties until all relevant training has been completed.
- Lidl are an approved provider of SCPLH training and therefore all training and refresher training is undertaken within the company. Lidl are graded by the BII as "Grade 1", which is the highest grading that can be achieved.
- Lidl contract SIA accredited Security companies to supply SIA accredited Guards in stores which are deemed to require support to manage any crime or disorder issues.
- Lidl install state of the art CCTV systems in all stores. Images are retained and may be available as required by the police or licensing standards officer.

Securing Public Safety

- As above SIA accredited Security Guards are present in stores which require support.
- CCTV as above.
- Lidl undertake daily, weekly and biannual health & safety, trading law and maintenance checks in all stores, to ensure compliance. Our compliance procedures and policies are regularly reviewed.

Preventing Public Nuisance

- As above SIA accredited Security Guards are present in stores which require support.
- CCTV as above
- Waste receptacles for customers are provided for disposal of litter.
- All by-products of our premises are responsibly disposed of, and where possible, recycled.
