5 *Description of premises (where application is submitted by a members' club, please also complete question 6)*

(1) In addition to any convictions held by the applicant at the time of application, applicants should also familiarise themselves with the contents of section 24(1) of the Licensing (Scotland) Act 2005 in respect of any convictions for relevant or foreign offences which they may receive during the period beginning with the making of the premises licence application and ending with determination of the application.

NB Distillery has been trading since 2013. New premises are being built that are a 18 m x 13 m steel shed. 2 floors will be in the premises. One part of the distillery will be the production area and the other part will be a visitors centre - See Reception on Ground Floor and Tasting area on attached plan.

The distillery will be selling tickets for tours. As part of the tour the visitor will be given samples of each of the products (Gin, Navy Gin, Vodka, White Rum and Spiced Rum). This will be part of the ticket price. In addition, the visitor will be able to purchase additional drinks from a bar menu (served from a drinks trolley) and will also be able to purchase any of the products in 70 cl and 20 cl sizes. Canapes will be served as part of the tour. Please note however, the distillery is not open any time to members of the public to purchase alcohol for consumption on or off the premises. Purchase of alcohol is only permitted as part of a tour or other private booking. The bar and shop are therefore not "open" to the public at any time but only for pre-booked groupings.

Up to 4 times a month, the distillery will offer private dining experiences in the lab room (shown as office on the main plan). This will be for groups of 10 at a time. An external chef will bring food to the premises largely already prepared and ready to serve.

At present the distillery also has no licence to sell direct to consumers both at the distillery and online. This licence is therefore also required to allow the distillery to carry out these types of sales.

Consumption on the premises - The distillery will open for tours from 11 am and evening tours will be completed and alcohol will not be served or sold after 10 pm.

Flexibility in terms of the future use of the premises is also required. For example, the distillery may in the future be offered as a venue for meetings and conferences. This will be for adults only and within the terms of this application.

Consumption off the premises- the distillery requires also to sell on line. Despatches for online products can be from 10 am 6 days a week. Visitors at tours will also have an option to purchase products for consumption off the premises and this will be from 11 am to 10 pm in the evening to align with the tour times but the licence is required from 10 am to fit in with courier despatch times which can be variable but from 10 am.

Question 6

6 *To be completed by members' clubs only*

**SUPPLEMENTARY STATEMENT
APPLICATION FOR PROVISIONAL PREMISES LICENCE
NB DISTILERY, HALFLAND BARNS, NORTH BERWICK, EH39 5PW**

The following information outlines compliance with the licensing objectives set out in the Licensing (Scotland) Act 2005:

- 1. Preventing crime and disorder**
- 2. Securing Public Safety**

The nature of the customers that visit the distillery is in the context of controlled tours. No members of the public can enter the premises without pre booking and therefore numbers will be limited to groups of 10 or 12. It is not a standard bar as such and whilst options will be available to purchase additional alcohol, this will not be on a significant basis given the tours are restricted to around 2 hours.

This in turn means that levels of alcohol will be controlled, thereby minimising any potential knock on effects of any crime and disorder, thus securing public safety.

Whilst the application has been drafted in broad terms to allow for other functions, again given the size of the public area where public functions are permitted, groups will be limited in number.

- 3. Preventing Public Nuisance**

In addition to the matters above, given the fact that the premises are a distillery no smoking is allowed either on the premises or outside the premises. No groups will therefore be outside. Tours will likely end around 9 pm. Given the number is limited and they will likely arrive by mini bus, there will be minimal risk of noise nuisance.

- 4. Protecting and Improving Public Health**

The nature of the distillery is such that it is not a walk in bar and therefore in the context of overprovision of licensed premises, the application cannot be compared on a like for like basis with other licensed premises.

In relation to on-lines sales, this is to provide a mechanism to provide customers who cannot access products in their local area an opportunity to purchase the products. Whilst there is an increase in the availability of alcohol online generally from a public health perspective, this online mechanism is not the primary business of the distillery and this should be taken into account in reviewing the protection of

public health objective. The distillery sells through distributors and direct retail customers and this is the main sales route.

Online sales will be controlled by the following:

1. Purchasers will have to confirm that they are the correct legal age to purchase alcohol.
2. Purchasers will be advised that there are strict controls by the delivery carrier that may necessitate production of ID. These controls are outlined in section 5 below.

The primary purpose therefore of the licence from an off sales perspective is to enable visitors to the distillery to buy products at the end of the tour.

Given the premium nature of the products and quality, the company actively promotes responsible drinking. Key messages to consumers are to drink responsibly and to drink less but quality products.

5. Protecting Children from Harm

There are a number of measures in place to ensure compliance with this objective:

1. No children are allowed in the distillery for a tour or any other function.
2. Strict controls are in place in relation to on-line sales. This can be summarised as follows:
 - NB Distillery only engages a specialist drinks carrier. The purpose of selecting such a specialist is two-fold:
 - To ensure the drinks are handled with care;
 - To ensure that the carrier employees are specially trained in ensuring no alcohol is delivered to persons under 18 years of age.
 - The specialist drinks carrier used is APC. The policy of APC is as follows:
 - Staff will ask for ID for any persons thought to be under the age of 25. This will be in the form of a passport or driving licence.
 - Staff are trained prior to being allowed to deliver alcohol. Challenge 25 is part of the training provided to staff.
 - The importance of compliance with this approach is contained in the APC Code of Conduct and therefore breach by any employee is deemed to be a disciplinary matter.
 - If employees are unsure in any way whether the liquid they are carrying is alcohol, employees always assume it is alcohol and the Challenge 25 and respective policy approach applies.

Dear Ms Winter

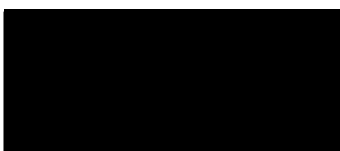

**APPLICATION FOR PROVISIONAL PREMISES LICENSE - NB DISTILLERY LTD,
HALFLAND BARNES, NORTH BERWICK**

On behalf of NHS Lothian we would like to make a representation concerning the online sales aspect of this application.

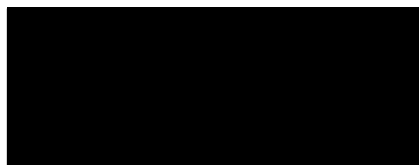

NHS Lothian is increasingly concerned about the availability of alcohol via online sales. In particular, there are concerns nationally about the impact of online sales to children and young people, due to effective implementation of age verification and the appropriate training of delivery staff. In addition online sales increase the ease and hours when it is possible to purchase alcohol.

We understand that the products available to be purchased online will only be the applicants own products. The Health Board would like to request that a condition is placed on this license to that effect, in order to control the potential for increases in the availability of alcohol via online sales in an area that has already been declared as overprovided.

Yours sincerely

PROVISIONAL PREMISES LICENCE
NB DISTILLERY LIMITED
HALFLANDBARNS, NORTH BERWICK, EAST LOTHIAN, EH39 5PW.
NB DISTILLERY LIMITED**

I refer to the above application and in terms of Section 21(4)(a)(i) and (ii) of the Licensing (Scotland) Act 2005, I have to advise you that neither the applicant nor any connected person has been convicted of any relevant offence.

I am unable to confirm the existence of any foreign offence in respect of the applicant or any connected person.

Whilst the police have no objection to the grant of this licence, it is pertinent to point out that it is out with Board Policy with regards to the overprovision statement and as such the applicant will be expected to demonstrate that the grant of this licence would outweigh the presumption against grant in terms of the overprovision statement.

PROVISIONAL PREMISES LICENCE APPLICATION

NB Distillery Limited, Halfland Barns, North Berwick, East Lothian EH39 5PW

I refer to the above subject and can confirm that the applicants and premises have been visited in relation to application for a Provisional Premises Licence.

I make the following observations in relation to this application:

- There is no objection to the proposed business plan in relation to the sale and supply of alcohol.
- The proposal to include deliveries is supported provided that delivery drivers comply with Challenge 25 procedures and the rules contained in Section 119 of the Licensing (Scotland) Act 2005. No delivery should be left at any address where no one is in to accept it.
