Key to using the Proposals Map

This proposals map forms part of the Local Development Plan 2018. It consists of a number of inset maps which must be read together to identify the relevant policy designations and proposals for any area within East Lothian.

Some of these inset maps have been produced at the East Lothian scale and identify policy designations that are best shown at that East Lothian wide scale. These include:

Map 1: International and National Natural Heritage Designations: -(Also as A1 map)	<ul style="list-style-type: none"> • RAMSAR Sites • Special Protection Areas • Sites of Special Scientific Interest • Geological Conservation Review Sites
Map 2: Local Natural Heritage Designations: -(Also as A1 map)	<ul style="list-style-type: none"> • Biodiversity Sites • Geodiversity Sites • John Muir Country Park • Aberlady Bay Nature Reserve
Map 3: Landscape Designations & Infrastructure Designations: -(Also as A1 map)	<ul style="list-style-type: none"> • The Cuntryside • Gardens and Designed Landscapes • Battlefields • Greenbelt • Countryside Around Towns • Pipeline Consultation Zones • Torness Consultation Zone • Torness Power Station • Land at Former Cockenzie Power Station • Edinburgh Airport Safeguarding Zone • Segregated Active Travel Corridor • The indicative line of the proposed 4 track section of the East Coast Main Line • Transport Safeguard
Map 4: Further Landscape Designations: -(Also as A1 map)	<ul style="list-style-type: none"> • The Coast • Special Landscape Areas

The remaining inset maps have been produced at settlement scale and identify the relevant policies and proposals that apply within each of the settlements of East Lothian. Other than for the greenbelt, countryside around towns and the countryside, the policy designations shown on the East Lothian wide inset maps will not be repeated at the settlement inset map level. Therefore for completeness the settlement inset maps must be read in conjunction with the relevant parts of each of the East Lothian wide inset maps that relate to the settlement in question. For ease of reference these settlement maps are listed in alphabetical order:
