Note 1:

Please note that the proposed Operating Plan must contain any aspects of the current Operating Plan that are to be preserved should the variation be granted. (e.g. If the current Operating Plan allows a premises to have 'live performances' but this is not requested on the proposed Operating Plan then the Licensing Board would view such an omission as a request to have 'live performances' deleted from the Operating Plan of the Premises.)

Note 2:

Please refer to Paragraph 5 of the Premises Licence (Scotland) Regulations 2007 regarding the format of Layout Plans.

Note 3:

The appropriate premises licence (including summary licence, operating plan and layout plan) must be returned to the Licensing Authority in order that the licence documents can be updated to reflect the details of the variation. If you are in possession of the appropriate Premises Licence but unable to provide said licence with this application, you must ensure the licence is forward to the Licensing Authority within 14 days in order to complete the process of variation.

Please note also that once the variation is completed, any certified copies of the appropriate Premises Licence must also be updated to reflect the details of the variation.

Note 4:

This refers to an application to Transfer the Premises Licence made under either Section 33(1) or Section 34(1) of the Licensing (Scotland) Act 2005

Day Today – 32 Redburn Road, Prestonpans EH32 9NG
Applicant - Mohammad Ashiq
Supporting Statement

This Statement has been prepared on behalf of Mohammad Ashiq in consultation with Ferhan Ashiq, in respect of an Application for a Major Variation, which was continued by the Board at their October Hearing, to the next Board Meeting on 22nd November.

Of course since the first Hearing, the Board's new Statement of Licensing Policy has come into force, and the Board's position on Overprovision in terms of their Statement has changed. This area is no longer covered by the general Overprovision Policy, but each case is looked at on its own merits.

Our client accepts that Prestonpans, and the provision of off sales in that area, is one of the parts of East Lothian that the Board will carefully consider.

This of course is not a new Licence but a Variation but it does increase the alcohol capacity and therefore Overprovision can be taken into account.

Our client has owned this business for 31 years. They live in the area. Our clients son, Ferhan, has worked in the business since he was at school! Following absences, to attend University, and thereafter to work abroad for a while, Ferhan has returned to the family business and brings with him energy, initiative and enthusiasm which has resulted in their business receiving various awards. Indeed after the Board Meeting on the 22nd, he will be travelling to London for an awards ceremony. They are respected operators, both within the community, and cooperate with the Police and Licensing Officers. They have been complimented on their CCTV system for instance which now has 20 cameras. Three of these are outside, and our clients have been asked to provide footage on various occasions to assist the Police with enquiries, not relating to the shop. Our clients are always happy to cooperate.

Prestonpans is an area where there have, over the years, been regular test purchases for instance carried out by the Police and our client advises us that they have passed all these tests. There is a similar story with Trading Standards.

They are good operators, they are aware of their responsibilities and have stringent due diligence to ensure that the risk of any such issues is minimised.

The shop has been refurbished, and an area to the rear of the shop has been opened up. In general the Layout of the shop and the products on sale have been reviewed. The reorganisation will result in a larger display of fresh fruit and vegetables for instance for which there is an increased demand. Products which are regularly bulk bought at supermarkets for instance, are being reduced.

The increased alcohol space will be given over to the provision of a wider range of products, particularly wines, specialist beers, and gins where there is a far wider range of alternatives now, and the public are aware of this and demand choice. Some of these products will be locally sourced, not just alcohol but other products as well.

As mentioned above, our clients due diligence is robust. Staff Training Records are available and up to date and show that all current employees have had the mandatory training. In order to strengthen their regulatory duties further, they have partnered with GNE Consultancy to have each member of staff obtain a Personal Licence. This is being funded via the ITA Scheme.

A certified copy of the Licensing documentation is kept on the premises, and all necessary Notices are on display.

Our clients do of course operate Challenge 25 strictly.

They do deliveries, which may include alcohol. They are aware of the concerns, and indeed the legal requirements here for documentation. Mr Ashiq himself does the deliveries and he is aware of the fact that Challenge 25 applies in such situations and if appropriate ID cannot be provided, then alcohol cannot be handed over to that person. It does not matter who ordered the delivery – alcohol cannot be handed over to anyone under 18. He is also aware of the restriction on hours.

In view of the above, our client is of the opinion that the grant of this additional space would not be detrimental to the community, would provide the community with a wider range of products, and would not contribute to an infringement of the Licensing Objectives. Going through these briefly, we would comment as follows: -

Preventing Crime and Disorder

Our clients have no wish to contribute to any issues concerning crime and disorder in the neighbourhood. Quite the opposite.

As explained, they have lived and worked in this area for many years and are very much a part of the Local Community.

The Premises are a member of Shopwatch who meet every three weeks. By being involved, Ferhan and his father are made aware of any particular concerns that the Police have in the area. Examples of this are adults that the Police are aware of that might supply children and young persons with alcohol. Our clients will work closely with the Police to prevent theft and issues such as this. They would not hesitate to pass details to the Police if appropriate.

We have already referred to the CCTV system, to which four cameras were added as a result of the refurbishment. These cameras would cover the alcohol display area. Indeed all parts of the shop are covered, including the store room and the outside area.

At the moment the alcohol display area is at the front of the shop, close to the door. This variation would result in the display, in addition to the area behind the counter, being moved to the rear of the shop. In other words people would have to walk past the counter to get there or exit the shop after. It is considered that this will assist with any possible theft. A matter that our clients have discussed with the Police in the past.

Securing Public Safety

As explained above, there are improvements being carried out to the Layout of the shop and this should assist customers, particularly those who are elderly, in wheelchairs etc. Customer safety is paramount to our clients.

Preventing Public Nuisance

Again we would refer to the due diligence put in place by our clients. Customers know that they must behave. Underagers and people who have already consumed too much alcohol know that they will not be served. Our clients are very aware of people drinking too much and possibly causing problems so do limit the amount that people can buy, and will refuse them if they come back to the shop again on that day.

Protecting and Improving Public Health

Our clients have a strict policy on refusal of alcohol to those who they consider have had too much to drink already, or for whatever other reason should be refused. Staff are specifically trained in this area.

Protecting Children and Young Persons from Harm

As explained above, our clients have a robust system in place for checking ages, in terms of Challenge 25, the ID that they will accept, the till system which does prompt staff to request such items, and their ability to refuse when required. As explained above, they liaise with the Police with regard to possible agency sales, and general issues in the neighbourhood.

Proof of Age

Staff have been instructed to ask for proof of age if they suspect that a person under the age of 18 is attempting to purchase alcohol.

Dear Madam,

**LICENSING (SCOTLAND) ACT 2005 - REPRESENTATION
APPLICATION FOR THE VARIATION OF A PREMISES LICENCE
Day Today
32, Redburn Road, Prestonpans, East Lothian, EH32 9NG.
Mohammad Ashiq**

I refer to the above application for the variation of a premises licence under terms of Section 29(5) of the Licensing (Scotland) Act 2005.

The variation requested consists of a change of name for the premises from Day Today to Day Today (Prestonpans Village Store) and an increase in the display area for alcohol from 17.3m² to 28.29m².

In terms of Section 22(1)(b)(iii) of the same Act, I make the following representation.

An increase in capacity is out with the current Board Policy, Overprovision Statement, which is a rebuttable presumption against the grant of any increase in capacity of an existing premises licence within the Boards area. The Board expects the applicant to provide robust and reliable evidence to support their application sufficient to demonstrate that the grant of their application would outweigh the presumption against grant in terms of the Board's Overprovision Statement.

The applicant is looking to increase the alcohol display area from 17.3m² to 28.29m², this is a sizable increase. The application, as it stands, does not provide any information which would outweigh the presumption against grant.

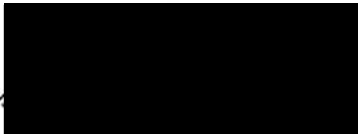

I also note that the applicant currently has 'home deliveries' from the shop and would take this opportunity to remind the applicant of his obligations under Section 119 of the Act in relation to keeping records of these deliveries.

If the variation, or an amended version is approved, I request that the Licensing Board considers that conditions be imposed in respect of:

- CCTV to be installed to the satisfaction of the police and to cover the entire alcohol display area
and
- that the CCTV installed is to be maintained in working order.

This representation is submitted for your attention in considering this application.

Yours faithfully

A black rectangular redaction box covering the signature of the Chief Constable.

Date: 06 September 2018

Subject: LICENSING SCOTLAND ACT 2005
PREMISES LICENCE VARIATION (MAJOR) APPLICATION

Day Today, 32 Redburn Road, Prestonpans, East Lothian EH32 9NG

I can confirm that I have liaised with Mr Ferhan Ashiq, the son of the licensee, regarding this application.

As per the amended layout plan submitted with this application, the applicant seeks approval to move and increase the alcohol display area from 17.3 m² to 28.29 m² during renovations to the shop, which are currently taking place.

In terms of overprovision, within a radius of 800 metres of the applicant's premises, there is another licensed grocer at No 40 Redburn Road, which has a display area of 39.6 m². A further off-sales premises is located at the foot of Redburn at 225 High Street, which has a display area of 11.19 m².

Mr Ashiq frequently liaises with the LSO and readily accepts guidance to resolve any licensing issues.

If the Board is minded to grant this application, it is requested that the following conditions be placed on the licence:

1. All thefts of alcohol are reported to the police.
2. The CCTV system installed must be maintained in proper working order at all times and be of a standard that is to the satisfaction of the police. The system should also cover the entire alcohol display area.
