Supplementary Application Information

This information is required in relation to all Premises Licence/Provisional Licence applications or any application which is a Premises Licence Variation, not considered to be a Minor Variation. Application submissions generally tend to be insufficiently detailed as to provide a complete picture of what businesses propose to provide the public. Therefore, Licensing Boards often have too little information, in advance of Board hearings, to fully appreciate what is being applied for. This situation often leads to numerous unnecessary objections and representation being made due to interested parties, such as neighbouring residents, not understanding what proposed activities really relate to i.e. What does Live Music actually mean and how will it impact on their lives. For these reasons, the Board has made a policy decision to require applicants to provide a fuller description of their business proposals and detail how the five licensing objectives will be met.

<p>Business Profile Please describe your business offering.</p> <p>Our clients operate a gin distillery and associated operations, within this property. The building services their office/ administration, the manufacturing process, and distribution centre.</p> <p>Our clients also hold Tastings within the premises which could be for potential customers, or members of the public who may attend such tasting sessions. As there will be a charge for these sessions, on sales have been included in the Application, but that is the purpose of this. It is not a case of members of the public being able to come in and order drinks. It would only be at a pre organised tasting session for which part of the price is allocated towards the cost of the alcohol.</p> <p>(extend this box if you require additional space)</p>	
<p>On/Off Consumption</p> <p>(a) Please describe the type of business you intend to operate in respect of On consumption.</p> <p>(b) Please describe the type of business you intend to operate in respect of Off consumption & deliveries</p>	<p>(a) On consumption is as above i.e. in connection with tastings for members of the public.</p> <p>(b) Off sales will be sales to the public by phone/ online and then delivered. It could also be orders purchased after tastings, or occasional visit by the public to the premises.</p>

Clarification is required in relation to the content of your proposed Operating Plan
(extend the boxes below if you require additional space)

<p>To what extent do you intend to use any of the following: Accommodation; Conference Facilities; Restaurant Facilities; Bar Meals:</p> <p>N/A</p>

Social Functions – Weddings; Birthdays; Retirements ; Other - If you intend to provide for any of these functions please describe the nature and extent and likely frequency of each:

Tastings could be organised as part of a celebration, or a family occasion, corporate event etc.

Entertainment – Recorded Music; Live Performances; Dance Facilities; Theatre; Films; Gaming; Indoor/outdoor sports; Televised Sport - If you intend to provide for any of these facilities please describe the nature and extent and likely frequency of each:

Background music may be played while management and staff work.

Outdoor Drinking Facilities - If you intend to provide outdoor drinking facilities please describe where and what the facilities will be used for. You will also be required to provide a statement in the objectives section how you intend to prevent public nuisance from use of such facilities:

N/A

Adult Entertainment – If you intend to provide any entertainment of a sexual nature please state the type and likely frequency if use. Adult entertainment is any form of sexual stimulation and includes adult humour or explicit language. The Board will also expect you to address the objective of preventing harm to children and young persons:

N/A

Activities Outwith Licensed Core Hours - In your Operating Plan, directly below question 5(e), you should have given details of any activity that will be provided outwith core licensed hours. If you wish you can expand on your explanation here:

The only Activity might be the use of the premises for manufacturing/ office prior to and after licensed hours.

Any Other Activities - In your Operating Plan at 5(f) you should have given details of any other type of activity you are likely to cater for. It would be useful to give an indication of the extent and frequency of such events:

No.

Children and Young Persons – If you intend to provide access for children and young persons on the premises please provide details of what facilities you have on the premises in respect of different age groups. In addition, please state where and what baby changing facilities will be provided for children under five years.

Children and Young Persons require to be accompanied by an adult and would only be there in connection with a visit by the adult to purchase off sale products.

Licensing Objectives - Please provide details below of how you will ensure that the 5 Licensing Objectives are complied with. It may be helpful in answering this section if you refer to the East Lothian Council Licensing Board's 'Statement of Licensing Policy, which can be found at the following link or the Council website [policy link](#)

(extend the boxes below if you require additional space)

Preventing Crime and Disorder:

This is a small specialist distillery, adding to the various food and drink operations springing up in East Lothian and emphasizing the region's importance in Scotland to that sector.

The premises have been operating for a while and have caused no problems to the Police, so far as we are aware. It is not the type of operation that should cause any concerns to the Police or the Board.

Securing Public Safety:

Safety Policies are in place of course from the manufacturing process. Risk Assessments have been carried out in connection with the operation.

So far as the public are concerned there could be occasional visits to purchase products, for gifts etc or of course the Tastings. The safety of the customers there is paramount. There is not a large amount of alcohol consumed – it is for educational purposes, and it is not considered likely, and certainly would be against our client's ethos, for there to be any risk to members of the public.

Preventing Public Nuisance:

Due to its location on an Industrial Estate, well away from residential property, there should be no issue. There is a large car parking facility which can be used by delivery vans or by members of the public visiting.

Background music may be played but at a very low level and will not be capable of being heard from outside the premises.

Protecting and Improving Public Health:

This is a quality product and as explained, the only time that alcohol will be consumed on the premises will be in connection with Tastings. Therefore a relatively small amount of alcohol will be consumed.

Protecting Children and Young Persons From Harm:

It would be considered very unusual for children or young persons to be on the premises and they would simply be there for a limited period of time while the adult accompanying them chose the product and then left.

Application Supporting Comments / Any Other Additional Information
(extend the boxes below if you require additional space)

Additional Information:

We would hope that the Board recognise that this is another business within East Lothian gaining a national/ international reputation for producing a quality product.

We have explained the inclusion of on sales and would hope that the Board can support this Application.

Supporting Comments: i.e. reasons why the Board should support your application.

As above, it is hoped that the Board can support the Application as a permanent addition to East Lothian's food and drink scene.

The business is located on an Industrial Estate with no possibility of causing disturbance or a nuisances to neighbouring residential premises, for instance.

LICENSING STANDARDS

From: Karen Harling
Licensing Standards Officer

To: C. Grilli
Clerk to the Licensing Board

Date: 21st February 2023

Subject: LICENSING SCOTLAND ACT 2005
PROVISIONAL PREMISES LICENCE APPLICATION

**BUCK AND BIRCH, UNIT 9, MACMERRY INDUSTRIAL ESTATE, TRANENT,
EH33 1ET**

I refer to the above subject and can confirm that the applicant has liaised with the LSO over the last 6 months.

The premises has been operating on occasional licences since 23rd November 2020 for off sales within the premises and online sales. There have been incidents in relation to breaches of the occasional licences such as conducting tastings without on sales provision, errors in submission times of occasional licences requiring alcohol sales to cease and issues with deliveries. Appropriate advice has been given by the LSO which has been taken on board by the applicant. I visited the premises on 26th July where discussions were initiated in relation to a premises licence application.

The provisional premises licence is for on and off sales of alcohol at the premises. On sale times are 1000am-1000pm daily. This is out with board policy which states an on sales start time of 1100am daily. As per policy each application for a premises licence will be assessed on its own merits against the on sale policy hours and the appropriateness of the type of activity the licence is sought. I would ask the applicant to justify to the board why there is a need for on sale hour of 10am rather than 11am and what measures will be put in place to promote the five licensing objectives.

Off sale times are 1000-2200 which is acceptable as per the Licensing (Scotland) Act 2005. The off sales capacity for off sales requested is 12m². There are no other off-sale premises within the industrial estate.

The following activities have been requested:

- Receptions during core hours
- Club or other group meetings during core hours

- Recorded music during and out with core hours
- Deliveries and online sales
- Tastings/tutorials
- Provision of food to accompany tastings

all of which I support.

In conclusion, I support the application which is a welcomed progression however, I recommend the board review the on sales hours in line with board policy.
