Additional information:

Authorised By	Douglas Proudfoot
Designation	Exec Dir for Place
Date	06/06/23

For Office Use Only:	
Library Reference	50/23
Date Received	06/06/23
Bulletin	Jun 23

- 1 **360 Centre:** initial proposed site - building to potentially act as a hub to linked, satellite campuses across the wider site with different key foci
- 2 **Cafe terrace** overlooking sea
- 3 **Low level grasses** to form perimeter between site and John Muir Way
- 4 **Festival/ market/ event space** in courtyards focused around statue
- 5 **Nationally significant sculptures** positioned on footprint of old power station chimneys
- 6 **Play fountains** referencing site cooling system of past and the power of water in energy generation
- 7 **Low-level planters** with integrated seating
- 8 **Bike Store** made from recycled wind turbine
- 9 **Picnic area**
- 10 **Native planting**
- 11 **Play Area** with equipment made from recycled wind turbines
- 12 **Biodiversity & Birdwatching quiet area**
- 13 **Bird nesting/ nature wall** on footprint of former power station building
- 14 **Sustainable energy natural play / education area** incorporating water channel to reference water cooling system alongside play/education re. energy generation from water and other renewable sources
- 15 **Potential development area** for associated ventures to follow footprint of former power station and aid historic interpretation of site- e.g. Renewable energy training centre
- 16 **New path** created to follow historic line of coast prior to construction of power station to aid historic interpretation and help divide activity across site
- 17 **Car park** with entrance and width to reference footprint of power station
- 18 **Planting** to shield views to adjacent energy transformer site
- 19 **Pergola** covered route to form axis to new visitor centre and encourage biodiversity through planting
- 20 **Proposed road** to be extended as necessary to serve development
- 21 **Energy Park** on partial footprint of power station - a sculptural walk which charts the historic development of energy production - and the rise and decline of the focus on fossil fuels.

--- Historic line of coast prior to construction of power station shown red

SK 001.1 HIGH LEVEL CONCEPT  
SCALE: 1:1500 @ A1, 1:3000 @ A3
