DISABLED ACCESS AND FACILITIES STATEMENT

Licensing (Scotland) Act 2005, section 20(2)(b)(iia)

Question 1

Disabled access and facilities

1(a)	Is there disabled access to the premises	YES
1(b)	Do you have facilities for those with a disability	YES
1(c)	Do you have any other provisions available to aid the use of the premises by disabled people	YES
*Delete as appropriate		

If you have answered Yes to any of the questions above please complete, as appropriate, the following sections.

Question 2

Disabled access to, from and within the premises

Please provide clear and detailed description of how accessible the premises are for disabled people. e.g. ramps, accessible floors, signage.

There should be access to the premises with care. It should be wide enough but would be tight, so care would be required.

Question 3

Facilities available

Please describe in detail the facilities provided for disabled people. e.g. disabled toilets, lifts, accessible tables.

The premises are laid out in a way that should be manoeuvrable by a customer, but if not staff will always be more than willing to assist by going to fetch things for instance, particularly in higher shelves.

In general staff will be trained to assist customers, not only with mobility issues, but sight, hearing etc.

Question 4

Other provisions

Please provide details of any other provisions made to aid the use of the premises by disabled people. e.g. assistance dogs welcome, large print menus.

Once again this matter has been brought to the attention of our clients and they will now do an assessment of what facilities they may be able to provide, and in particular assistance for other types of disability, beyond mobility difficulties, including mental health, sight, hearing and other types of illness.

It is hoped to provide staff with guidance as to how to identify such people and what assistance can be provided.

Supplementary Application Information

This information is required in relation to all ~~Premises Licence~~/Provisional Licence applications or any application which is a Premises Licence Variation, not considered to be a Minor Variation.

Application submissions generally tend to be insufficiently detailed as to provide a complete picture of what businesses propose to provide the public. Therefore, Licensing Boards often have too little information, in advance of Board hearings, to fully appreciate what is being applied for. This situation often leads to numerous unnecessary objections and representation being made due to interested parties, such as neighbouring residents, not understanding what proposed activities really relate to i.e. What does Live Music actually mean and how will it impact on their lives. For these reasons, the Board has made a policy decision to require applicants to provide a fuller description of their business proposals and detail how the five licensing objectives will be met.

Business Profile

Please describe your business offering.

Our client intends to take over this business on 1st September. It is presently a newsagent, which also stocks stationary etc. It is not licensed.

Our client will maintain the newsagents business, but the sale of newspapers has greatly depreciated, as has the profit element on them, so our clients will expand the convenience store element, to which alcohol would be a very useful addition.

Our client is married with four children under the age of 10, so her husband will be helping out, along with, it is envisaged, one full time and one part time member of staff.

They have been looking for a business of their own for some time and feel that there is a real opportunity here.

(extend this box if you require additional space)

On/Off Consumption

(a) Please describe the type of business you intend to operate in respect of On consumption.

(a) Not applicable

(b) Please describe the type of business you intend to operate in respect of Off consumption & deliveries

(b) Our client would stock a range of wines, spirits, beers, ciders etc in addition to newspapers, stationary and general groceries. May do deliveries.

Clarification is required in relation to the content of your proposed Operating Plan

(extend the boxes below if you require additional space)

To what extent do you intend to use any of the following: Accommodation; Conference Facilities; Restaurant Facilities; Bar Meals:

Not applicable.

Social Functions – Weddings; Birthdays; Retirements ; Other - If you intend to provide for any of these functions please describe the nature and extent and likely frequency of each:

Not applicable.

Entertainment – Recorded Music; Live Performances; Dance Facilities; Theatre; Films; Gaming; Indoor/outdoor sports; Televised Sport - If you intend to provide for any of these facilities please describe the nature and extent and likely frequency of each:

Not applicable.

Outdoor Drinking Facilities - If you intend to provide outdoor drinking facilities please describe where and what the facilities will be used for. You will also be required to provide a statement in the objectives section how you intend to prevent public nuisance from use of such facilities:

Not applicable.

Adult Entertainment – If you intend to provide any entertainment of a sexual nature please state the type and likely frequency if use. Adult entertainment is any form of sexual stimulation and includes adult humour or explicit language. The Board will also expect you to address the objective of preventing harm to children and young persons:

Not applicable.

Activities Outwith Licensed Core Hours - In your Operating Plan, directly below question 5(e), you should have given details of any activity that will be provided outwith core licensed hours. If you wish you can expand on your explanation here:

As a newsagent the shop opens at 6am, and will continue to do so.

Goods and services will be available for purchase other than alcohol. No alcohol will be sold or supplied until the commencement of licensed hours.

Any Other Activities - In your Operating Plan at 5(f) you should have given details of any other type of activity you are likely to cater for. It would be useful to give an indication of the extent and frequency of such events:

This is a newsagent/ convenience store which will operate between 6am and 10pm. It may do deliveries if there is a demand for this, although it is not envisaged immediately.

Children and Young Persons – If you intend to provide access for children and young persons on the premises please provide details of what facilities you have on the premises in respect of different age groups. In addition, please state where and what baby changing facilities will be provided for children under five years.

There are of course no restrictions on under eighteens in off sales, but our client will monitor children, particularly in groups. Children and young persons will be welcomed to buy soft drinks, confectionary etc but our client will operate a strict Challenge 25 policy.

Licensing Objectives - Please provide details below of how you will ensure that the 5 Licensing Objectives are complied with. It may be helpful in answering this section if you refer to the East Lothian Council Licensing Board's 'Statement of Licensing Policy, which can be found at the following link or the Council website [policy link](#)

(extend the boxes below if you require additional space)

Preventing Crime and Disorder:

Our client is not aware of any previous issues concerning these matters.

Our client appreciates that she will have to be extremely strict regarding the exercise of Challenge 25. This would be particularly the case when they open, as youngsters may try initially. Our client and her staff will be firm but polite and if appropriate ID cannot be exhibited they will refuse. It is envisaged that either a Refusals Book or a till which records refusals will be in place.

Securing Public Safety:

The safety of customers and staff is paramount to our client. It is envisaged that the shop will be a safe and pleasant place to visit. That is certainly our client's intention.

Preventing Public Nuisance:

As explained the only music played would be background music. There may be times when groups of children gather, for instance after school, but they would be asked to move on as quickly and quietly as possible.

Protecting and Improving Public Health:

Our client is aware of the concerns in Scotland expressed by the Government, and the Licensing Boards, of the irresponsible consumption and overconsumption of alcohol. Our client supports this and will do everything that she can in order to ensure that their shop is not considered as a source of any issues under this heading. Not just regarding alcohol but other age related products like cigarettes and vapes.

Protecting Children and Young Persons From Harm:

Our client will, as mentioned previously, exercise a strict Challenge 25 policy. Our client also understands the importance of preventing agency sales as far as possible, when adults purchase for underagers. For instance repeating an order that has recently been refused. Our client will explain what to look out for to staff, that might indicate that that is what the order was, and if that is the case they will refuse the sale, even though it is to an adult.

Application Supporting Comments / Any Other Additional Information

(extend the boxes below if you require additional space)

Additional Information:

This is an Application to support our client's takeover of an importance business in the centre of Haddington. Apparently the majority of regular customers in this shop are over fifty, due to the fact that the younger generation do not use hard copies of newspapers as much. Our client still considers this an important business and wishes to maintain it, but it will have to be supported by other products, hence this Application.

Supporting Comments: i.e. reasons why the Board should support your application.

We have explained the rationale behind the Application. Whilst accepting that commercial reasons in themselves are not a justification for a Licence being granted, our client would ask the Board to support her efforts to maintain this business and to show that she can do so in a responsible and trustworthy way. As mentioned previously our client has young children, and whilst they are not at an age of considering alcohol and vapes as attractive, it does make our client very aware of the responsibilities of herself to children and young persons who are not get eighteen. The last thing she would want to do is let down their parents by allowing children or young persons to purchase such items.

She would just like the opportunity of showing that she can operate this business without infringing any of the Licensing Objectives, and maintaining a well-known business in Haddington.

This type of licence is considered for premises that are yet to be, or in the course of being, constructed or converted for use as a licensed premises. On my visit the premises was fully constructed and already in operation as a convenience store. As such the layout plan that has been submitted with the application may be incorrect. I understand that a new layout plan is to be submitted however, at the time of writing this has not been received.

Dear Sir / Madam,

Good morning,

We are in receipt of a letter, dated 07/09/23 in regards to an application made for a provisional Premises license for No 90, High street, Haddington, EH19 3SD.

I would like to "OBJECT" for this application.

Reason is as follows:

1. We have two premises with alcohol Licenses for both premises 82/84 High street, Haddington.
2. We have operated for 13 plus years. We have had lots and lots of underage attempts to buy alcohol. With buoyant systems like "Under 25" prepare to show ID, refusal registers to track regulate attempts, call 101 if the attempt exceeds many times has led to stump undergrad sales.
3. We have had many many police call outs to 101. Since we have stumped the practice of attempt to buy alcohol. This has led to children attempting to damage our premises, attempted to Physically abuse our staff. Emergency 999 call outs and followed by insurance claims will prove beyond doubt we don't need another premises with alcohol licenses.
4. One more reason to object is, lots of council support housing is in and around 90 high street. Majorly hang out to smoke and drink around this area. We don't need add more fuel to this area with another license.
5. Also in the past incidents and followed by 101 call outs, we see a wave of incidents on members of public, who are adults trying to buy alcohol and feed children in two corner "grey" areas. Once bulk alcohol is purchased it's distributed to kids in two corners. One being around 90, High street and other near, No. 80 high street. This is always been a grey area. Do we need another crime risk zone?
6. Falko the German bakers has an "on-sale license" and this premises no 90, High street is close to Falko.
7. East-lothian, especially Haddington has been previously known for crimes related to drugs and alcohol abuse. With the future going to have three premises offering "Off sale" and one premises offering "On sale" this corner is looking to be a RED HOT crime zone.
8. Alcohol related incidents are high in this area. Police records and insurance claims will suffice my claim. Majority drug abusers hang out here, with a bench in front of 90 high street. Do we need to fuel more such incidents?
9. One of our stores is Haddington wines and Whiskies, selling some high end boutique Wines and spirits, we have a foot fall of high end customers who come for an experience. Now with any more new premises with alcohol, more crime, means our customers will go some where else for this experience.
10. Our both shops successes are based on our work practices to stump under aged sales and alcohol fueled crime rates. The following is our objectives working closely with government initiatives.
 - * preventing crime and disorder;
 - * securing public safety;
 - * preventing public nuisance;

* protecting and improving public health; and.

* protecting children and young persons from harm.

With a strong public protection image,

I strongly " Object" my Lords for another premises with license. We are committed to stop children and public from getting abused by alcohol and by being responsible to public health.

Do we need another premises with alcohol license? You can clearly investigate from our previous experiences.

Hope the above points resonate to the application of 90 High street to be turned down.

Looking forward to debate on this.

Thank you,

Kindest regards

Shivakumar

Reference Premier Store, 90 High Street, Haddington – Off Sales

Dear Sir,

Following your letter of notification dated 7th September 2023 regarding Premier Store, 90 High Street, Haddington application for an off-sales alcohol license, I write to note my objection to regarding this license being granted on the grounds of overprovision. There are already 2 off-licensed premises 3 shops away as well as numerous on sales premises near this store.

There has been a great deal of anti-social behaviour, including drinking of alcohol on the High Street over the last few months which is detrimental to businesses and residents alike and I believe another shop selling alcohol could cause an increase in this type of behaviour.

The town in general has also been suffering from vandalism from youths and from speaking with the Community Wardens I believe alcohol has also played a part in this, another shop selling alcohol could increase the likelihood of alcohol being illegally purchased and passed onto underage young people.

I believe these objections relate to all five objectives of the Licensing (Scotland) Act 2005

- preventing crime and disorder;
- securing public safety;
- preventing public nuisance;
- protecting and improving public health; and
- protecting children and young persons from harm

Kind regards

Frances Wright
