**1. MINUTES FOR APPROVAL  
East Lothian Licensing Board, 22 February 2024**

The minutes were approved as an accurate record of the meeting.

*Sederunt: Councillor McMillan left the meeting.*

**2. PREMISES LICENCE  
Mazzoli Café, 6 High Street, Haddington**

The application sought a premises licence for a continental-style café. There had been no objections from the police, Licensing Standards Officer (LSO), environmental health, planning, or the public. The LSO had submitted a report to recommend a standard condition relating to deliveries of alcohol.

Paul Kinnoch, applicant, spoke to the application. He described the café, its food and small alcohol offer, and partnership with Winton Brewery. He gave an account of his experience in the hospitality industry and said he was very familiar with procedures around the five licensing objectives.

Karen Harling, LSO, had visited the premises and found it to be fully compliant. She commented that Mr Kinnoch was very experienced within the industry, and advised that no complaints had been received about the premises while operating under occasional licences.

PC Wilson advised that Police Scotland had no objections to the grant of the premises licence, and said no concerns had been raised regarding the premises.

The Convener was pleased that the premises licence application had come forward, and noted that Mr Kinnoch was a good licensee with two well-run establishments. He encouraged other such premises to come forward to obtain a premises licence instead of running on occasional licences. He formally proposed the LSO's recommended condition relating to deliveries.

Councillor McGuire was also pleased to see the application come forward, and commented that Mr Kinnoch was a long-established trader in Haddington who contributed to the community. Councillor McGuire supported the operation and commented on the great fare on offer. He formally seconded the condition relating to deliveries.

The Convener then moved to a roll call vote, including the condition relating to deliveries, and Members unanimously supported the application.

**Decision**

The Board granted the premises licence, subject to the following:

- Should a service of delivery of alcohol to customers be conducted, the terms of the Licensing (Scotland) Act 2005 Section 119, and those of the Board's statement of licensing policy on deliveries of alcohol, should be complied with.

*Sederunt: Councillor McMillan rejoined the meeting.*

**3. MAJOR VARIATION OF PREMISES LICENCE  
Eskmills Venue, Archibald Hope House, Eskmills Road, Musselburgh**

The application sought to add gaming to the operating plan within core hours. There had been no objections from the police, LSO, environmental health, planning, or the public.

Brian Galbraith spoke to the application. He advised that he sought to add gaming to the premises licence to support private events run by Bingo Loco, who had proposed four dates at Eskmills Venue throughout 2024.

The LSO said she had visited the premises in the previous year and found it to be well run. She advised that the only complaint had been in relation to an extractor fan and had been quickly remedied. She asked that Mr Galbraith clarify a matter relating to core hours. She reported that there had been no complaints received following a one-off bingo event run previously.

PC Wilson advised that there had been no calls to Police Scotland about the premises over the years it had been running. He had no concerns about the venue or objections to the application.

Mr Galbraith confirmed that the events would only take place within core hours, and were proposed to run from 6.30pm-11pm, and the Convener requested that this amendment be made to Section 5e of the application.

Responding to a question from the Convener, Mr Galbraith confirmed that Bingo Loco were fully licensed with the Gambling Commission. The Convener was content to support the application on this basis, and took comfort from the success of the previous event.

The Convener moved to a roll call vote and Members unanimously supported the application.

**Decision**

The Board granted the major variation of the premises licence.

**4. OCCASIONAL LICENCES  
a. Gosford House, Longniddry  
Blythe Ewert**

The application sought an occasional licence for a wedding on 10-11 May 2025 until 3am. The application had come before the Board on the basis of representation from the LSO who had recommended conditions due to the requested terminal hour being later than Board policy.

Blythe Ewert, applicant, spoke to the application, and was accompanied by her colleague Alison Bombail. Ms Ewert advised that the application had been made to host a wedding for a couple who sought a continental-style wedding which ran later in the day. She advised that two first aiders and two personal licence holders would be present throughout, and said she understood that CCTV would be required only for a premises licence rather than an occasional licence. She advised that checks would be made throughout the event and SIS stewards would be in place. Shuttles would also

from midnight to the close of the event. She advised that the couple would be flexible to move the terminal hour to 2am.

The LSO said that representation had been made due to the requested timings of the event which had been 12-noon to 3am, which represented 15 hours of drinking time, and because Board policy for the terminal hour on Saturday night was 1am. She noted the applicant's change to a terminal hour of 2am. She raised question about the children and young people access throughout the event, as although the facilities for children would be taken away at midnight, there had been no stipulation that young people would leave at midnight. She advised that the applicant's undertakings relating to SIA stewards, etc., would only be enforceable if added to the licence.

PC Wilson had submitted representation to highlight that the requested hours were outwith Board policy, but advised that the premises had run later events without issue. He highlighted the recommended conditions within the police letter, which had been raised due to the lateness of the event and the nature of the location. He supported the LSO's comments regarding conditions being added to the licence.

Responding to questions from Councillor McMillan, Ms Bombail advised that the bar staff would be directed to monitor guests' state of drunkenness. SIA stewards would also assist with the staggered departures. There would also be several unused rooms on site which could house a wellbeing station and first aider, if needed. Ms Ewert added that she did not foresee issues with the attendees, who would be international guests used to attending high-end events.

The Convener highlighted that only 14 hours of trading was considered reasonable, and asked how the applicants would achieve health and safety objectives. Ms Ewert advised that the couple had not yet confirmed their ceremony time; 12-noon had been requested to provide flexibility, but 4pm was expected. She advised that water and soft drinks would be available throughout and regular checks and floor walks would be conducted.

The Convener asked the applicants why the Board should break their 1am terminal hour policy, and enquired whether Gosford House was planning to apply for a premises licence. Ms Bombail explained that a barrier to making a premises licence application was that the owners were against having cameras permanently fitted in a family home. She said there was no plan to make an application this year unless a premises licence application was required to run future events. She advised that the wedding party would not drink prior to the ceremony. Following a suggestion about a fixed start time, Ms Ewert said she would be amenable to changing the start time to remain within Board policy, and Councillor McMillan commented that he understood the continental customs being for later weddings.

The Convener said that the Board preferred for a premises licence to be in place when events were happening regularly, such as at Gosford House. He reported that the Board was writing to the Scottish Government to highlight concerns around the use of occasional licences. He asked Ms Ewert to convey to the family at Gosford House that the requirement for CCTV for the grant of a premises licence was at the discretion of the Board.

The Convener called for an adjournment to allow the Board to discuss the application in private session.

Upon Members' return, the Convener acknowledged that weddings were celebrated differently in different cultures, but said that licensing laws and Board policy were clear and there was an expectation that events would have a terminal hour of 1am on a Saturday. He felt it was important that this policy be protected and enforced uniformly

across the county. He proposed that the occasional licence be granted with a terminal hour of 1am. He said that a similar message had been conveyed to other wedding venues, and the Board may consider alternative arrangements under a premises licence.

Councillor McGuire reiterated the Convener's comments, and said that although events were encouraged in East Lothian, he highlighted that similar applications for extended hours had been refused in recent months to enforce the terminal hour per Board policy. He formally seconded the Convener's proposal for a terminal hour of 1am.

The Convener moved to a roll call vote and Members unanimously voted to grant the occasional licence with an amended terminal hour of 1am.

### **Decision**

The Board granted the occasional licence with the following amendment:

- The terminal hour would be 1am.

#### **b. Seton Gardens, Seton Mains, Longniddry Craig Wood**

The application sought sixteen occasional licences, The application had come before the Board on the basis of representation from the LSO.

Craig Wood, applicant, spoke to the applications. His company provided catering and bars to weddings across Scotland, and had worked for the last two years at Seton Gardens. He acknowledged previous discussions about moving to a premises licence and said that Seton Gardens would be keen to pursue this if required.

The LSO had submitted representation in relation to Board policy on repeated occasional licence applications from the same premises, and said that the premises ran weekly weddings during the peak season from a marquee.

PC Wilson advised that Police Scotland had no objection to the applications, and said there were no issues with the premises. He noted that all the applications were within Board policy.

Responding to a question from Councillor McGuire, Mr Wood said he was keen to take a multiagency approach and take advice to move towards a premises licence.

The Convener asked about the terminal hour for applications. Mr Wood clarified that there had been errors on three applications, and these three events would run until 12-midnight and not 11pm as stated. He also clarified that a midweek wedding would end at 11pm. He did not intend to run midweek weddings regularly, but was accommodating a couple whose event had been cancelled by another venue. The LSO advised that the three applications in question would have to be submitted again, as the revised hours would have to be readvertised. The Convener suggested that the Board delegate powers to officers to grant the three occasional licences in question following receipt of revised applications.

The Convener asked about complaints of noise from residents. Mr Wood explained the circumstances around the two noise complaints. He advised that one on occasion, the microphone level had been high in nine-piece band, and on other occasion, a DJ had

turned up their last three songs despite being told to turn the volume down. He reported that he had spoken with the complainant, and the premises now had a monitor set to 85 decibels and patrolled the area with a handheld noise monitor. He reassured Members that complaints were taken seriously, and said couples were told clearly that only one warning would be allowed before music would be turned off.

Responding to a question from Councillor McMillan, Mr Wood advised that he was always present during weddings, and any complainants could call him during the event.

The Convener reiterated earlier points about the importance of making an application for a premises licence, and formally proposed that officers could grant the three revised applications within terminal hours. Councillor McMillan seconded this proposal, and was minded to grant the applications.

Councillor McGuire commented that Mr Wood had great control over the operation, and a positive relationship with the LSO and Police Scotland.

The Convener moved to a roll call vote on the applications, including the proposal that the resubmitted applications could be granted under delegated powers. Members unanimously supported the applications on this basis.

## **Decision**

The Board granted the occasional licences. They also delegated powers to officers to grant the three applications to be resubmitted with revised terminal hours.

## **5. REVIEW OF PREMISES LICENCE Newbigging Newsagents, 58 Newbigging, Musselburgh**

The LSO had made application on 15 February 2024 in terms of Section 36(1) on the grounds specified in Section 36(3)(za), 36(3)(a) and 36(3)(b) of the Licensing (Scotland) Act 2005 ('the Act') to the Licensing Board to review the premises licence in respect of Newbigging Newsagents, 58 Newbigging, Musselburgh, and the application had been accepted by the Board.

Mohammad Hanif, premises licence holder, and his daughter Zakia Hanif were present at the hearing.

The LSO outlined the information relevant to the review as contained within her submitted report. She had made application for the premises licence review on all three grounds specified in Section 31(3) of the Act, namely that the licence holder was not a fit and proper person to be the holder of a premises licence, that premises licence conditions had been breached, and any other relevant ground, in this case, preventing crime and disorder and protecting children and young persons from harm.

The LSO turned to the breaches of the premises licence conditions and the actions of Mr Hanif. She advised that in 2008, Mr Hanif was the premises licence holder, the designated premises manager (DPM) was named as Abdul Nasar, and she reported that this had not changed. Police notified the Licensing Board that Mr Nasar had died on 19 October 2022, but no notification had been received from the premises licence holder within seven days of the event, as prescribed in the Act. The LSO advised that it had been agreed that this failing would be forgiven, given the difficult circumstances, and a six-week grace period was given to resolve the matter, ending on 22 December 2022.

The LSO visited the premises on 15 November 2022, and reported that Mr Hanif had been unaware that he was the premises licence holder, and said his brother had dealt with licensing. At this time, Mr Hanif did not know where the premises licence was, or that a new DPM required to be appointed. The LSO said she had advised Mr Hanif of the processes verbally and in an email so that his family could help him. The LSO reported that there were no staff training records, and said that Mr Hanif said his brother had done the training with him and others, and he would look for the records. The LSO said that, given the circumstances, and since there had been no previous issues reported about staff training, Mr Hanif was given time to locate the documents. He was also given guidance as to how to change his address on the premises licence.

The LSO reported that she returned on 23 November for a meeting with Mr Hanif and his daughter Zakia Hanif, where the LSO provided details on completing a personal licence qualification, and completing a minor variation. The LSO advised that she had questioned Ms Hanif's intention to complete a personal licence holder qualification and become the DPM given her full-time work in another job, but Ms Hanif had said she would be available to help with the management of the shop since it was a family-run business.

The LSO then gave an account of a period during which she enquired eight times about Ms Hanif's progress towards gaining a personal licence holder qualification. The LSO advised that a grace period of 13 weeks had been given in good will, given the circumstances and so as not to disrupt trade over the festive period, with a warning that a Section 14 Notice would be issued to cease the sale of alcohol in relation to Conditions 4 and 6 if Ms Hanif did not complete the qualification in this time and apply for a personal licence. Through personal circumstances and failure of the course exam, Ms Hanif was unable to complete the qualification, and on 13 January, the LSO issued a Section 14 Compliance Notice in relation to breach of Condition 4 (no DPM) and Condition 6 (staff training), which Mr Hanif said he understood. The LSO reported that Mr Hanif said his daughter had let him down, and the LSO explained that as premises licence holder, the situation was Mr Hanif's responsibility to remedy. Mr Hanif said he would comply by hanging signage to indicate that alcohol could not be sold, and correspondence ceased for a time as it appeared the premises was complying.

The LSO advised that a member of the public made a report on 13 January 2024 that alcohol was on sale and on display. The LSO and PC Wilson attended the premises on 24 January and found Mr Hanif in sole control of the store, with no signs in place indicating that alcohol could not be sold. Mr Hanif originally stated that he had only been sorting the covers. He said that the sale of alcohol on 13 January had been a mistake. The LSO reported that Mr Hanif later admitted that he had been selling alcohol, but did not say when sales of alcohol had recommenced. Mr Hanif also advised that his son, Omar Hanif, had been in the shop and had sold alcohol. The LSO advised that this had been a breach of Conditions 4, 5, and 6 and a failure to comply with the Section 14 Notice. The LSO reported that Mr Hanif informed them that his daughter had passed the personal licence holder course and he had been able to recommence the sale of alcohol on her authority. The LSO and PC Wilson found Mr Hanif's lack of competence and understanding to be seriously concerning. The LSO also noted that the premises licence was not at the premises, despite being asked to obtain a copy, and there were no training records, and signage was poor. At this time, PC Wilson advised Mr Hanif that the sales of alcohol were a criminal offence under Section 1 of the Act; sales must cease immediately, and all alcohol was to be removed from the premises within seven days to prevent any further offences. Also at this time, the LSO informed Mr Hanif that he had breached the statutory notice and she would make an application for a premises licence review, and advised Mr Hanif to seek legal advice.

The LSO advised that Ms Hanif made contact with her following this visit, and informed her that she had not completed the personal licence holder qualification. She said she had re-booked the exam and asked for more time. The LSO informed Ms Hanif that the premises licence would now be reported to the Licensing Board, and advised once more that Mr Hanif seek legal advice.

The LSO explained that it had come to her attention following her visit in January 2024, following a review of the layout plan which had been unavailable at the premises, that alcohol had been displayed outwith the display area at an increased capacity than was detailed on the operating plan. She referred to a submitted photograph, whereby alcohol had been displayed in an area marked on the layout plan as being for household items, and said Mr Hanif had been notified of this breach of Condition 13.

The LSO summarised that no action had been taken by Mr Hanif to address the issues and breaches of conditions in the 17 months since the issues were first raised, and there were still no training records available for review. She had serious concerns about Mr Hanif's ability to be the holder of a premises licence and asked the Board to consider whether Mr Hanif was a fit and proper person to hold a premises licence. She said that if sales *had* recommenced on the say-so of his daughter, this also demonstrated Mr Hanif's lack of competence and understanding. The LSO also felt that Ms Hanif was not knowledgeable enough or involved enough in the shop to take on the role of DPM, and was also concerned about the apparent lies about holding a personal licence. She noted that Mr Hanif and his son were untrained members of staff. She advised that she had asked Mr Hanif multiple times why he did not apply for a personal licence, and he had replied that he did not want to. The LSO said she was saddened to reach the point of premises licence review after the efforts made to help, but said that Mr Hanif had not taken responsibility over the past 17 months.

PC Wilson summarised his involvement in the circumstances surrounding the premises licence review. He had attended with the LSO on 24 January 2024 following concerns being raised over the running of the shop. He observed alcohol displayed for sale, which was unpriced. He reported that Mr Hanif had responded to questions by initially denying having sold any alcohol, but changed his stance and said that his daughter had told him he could sell alcohol again as she had obtained her personal licence. PC Wilson confirmed that Mr Hanif had not offered clarification as to when he had recommenced selling alcohol. He raised concern over Mr Hanif's lack of knowledge over staff training and DPM requirements. He reported that Mr Hanif appeared to be apologetic and completed requests to remove alcohol from the store, but PC Wilson said he was unaware of Mr Hanif having taken any steps to rectify the situation. PC Wilson questioned Mr Hanif's disregard for the matter, as evidenced by his lack of action, and questioned whether Mr Hanif had the required knowledge to sell alcohol in line with the licensing objectives.

Ms Hanif provided background information on the family business. She said she had been advised to take the personal licence holder exam. She said that her father was not confident with technology, and explained her late uncle had undertaken much of the business administration. She said that the exam had been difficult for her as she had never drunk alcohol; she had to learn about the industry from scratch, and medical issues had also been a barrier to taking exam re-sits. She advised of family dispute regarding shares in the shop, which was still underway, and she reported that the shop had closed for several months due to her father's medical issues.

With regards to sales of alcohol, Ms Hanif reported that her brother had not sold alcohol while it had been prohibited to do so, but said that a person had threatened to make a report about the shop if her brother would not sell alcohol to them. She said that she had to wait to obtain her personal licence holder certificate before alcohol could be sold, and said that her father had also never sold alcohol while it had been prohibited

to do so. She appreciated that a significant amount of time had gone by since the LSO had raised issues with the shop, but said there had been a lot going on. She also gave an account of her father's positive relationship with the community and his customers.

The Convener highlighted PC Wilson's and the LSO's reports that Mr Hanif had admitted to selling alcohol while it had been prohibited to do so. In response, Mr Hanif said that he had not been in the shop the day a woman had argued with his son and threatened to make a report if his son would not sell alcohol. Mr Hanif said that the stock and shelves needed to be cleaned as he had not wanted to keep alcohol on the premises until the premises licence issues were resolved, and said he had not purchased any alcohol from the cash and carry in this time. He said that he had only taken the covers off the alcohol to be able to clean the shelves. Responding to further questions from the Convener, Mr Hanif said he had decided to remove the alcohol from the shelves following an incident where someone had shouted racist abuse after staff refused to sell alcohol.

The LSO said that the person who had reported buying alcohol had been a 40-year-old male, which did not match Mr Hanif's account. She said that Mr Hanif's account had never been given to herself and PC Wilson, and reiterated that Mr Hanif had made a full admission that he had been selling alcohol.

Responding to questions from Councillor Cassini, Mr Hanif reiterated that he had been ready to clean the shelves and remove the alcohol, so that no one else could argue with staff over the sale of alcohol, when PC Wilson and the LSO had arrived at the shop.

Councillor McMillan asked whether Mr Hanif or his family had reported this abuse. Mr Hanif responded that he had been under a great deal of stress following bereavements, and he was only able to open the shop when he did not feel stressed. Responding to further questions from Councillor McMillan, Mr Hanif said that he did feel he was a fit and proper person to hold a premises licence, and just wanted to work and earn money, as he had done throughout his life. He said that anyone would agree that he was a fit and proper person.

The Convener asked for an update on the situation regarding Ms Hanif obtaining a personal licence, and about plans for the management of the premises. Ms Hanif reported that she had been advised by the course director to book the exam once more, and had needed another three-to-four weeks of studying to fully understand the material. She said the re-sit had been paid for and just had to be taken. She said she understood that she would obtain a personal licence to train staff, and have up-to-date training records available in the shop. She reported having asked her uncle's children whether previous training records could be found, but did not know where they were.

The LSO read from Section 142 guidance regarding DPMs. She thought it would be difficult, given Ms Hanif's other work commitments, for Ms Hanif to be able to run the premises, and said that training of other staff was not sufficient.

Responding to a question from Councillor McGuire, Ms Hanif gave a detailed account of the family's plans for the future of the building, whereby they wished to buy her uncle's family's share and rent the property to a tenant, but said this had not been agreed.

The Convener called for an adjournment to allow Members to discuss the premises licence review in private session.

On the Members' return, the Convener delivered a statement on behalf of the Licensing Board. He offered the Board's sympathy for the bereavement the family had

experienced, however, he highlighted that the premises licence had been in place without a DPM, and said there had been plenty of time to resolve this. He said this raised serious questions as to whether Mr Hanif was a fit and proper person to hold a premises licence, and also raised serious questions about the operation of the business. He addressed the various breaches, including: there being no premises manager in place; reports from a member of the public, the LSO, and PC Wilson of there being sales of alcohol while it was prohibited to do so; there being no training records for staff in the store; and alcohol displayed in an area marked under the layout plan for household items. He said that the issues had not been resolved in the time given, and thus Mr Hanif was not considered to be a fit and proper person to hold a premises licence. The Board therefore considered that their only option was to revoke the premises licence.

Councillor McMillan agreed with the Convener's comments. He was sympathetic towards the issues the family had experienced, but said that these persisted. He hoped that, following the revocation of the premises licence, the family would take time to review the business model, which needed a well-qualified and experienced DPM to deal with issues.

The Convener formally proposed that the premises licence be revoked, and Councillor McMillan seconded this proposal. The Convener then moved to a roll call vote and Members unanimously voted to revoke the premises licence.

#### **Decision**

The Board revoked the premises licence.

East Linton gala is one of the smallest galas in East Lothian. It does not have a reputation for anti-social behaviour. **9. How will you secure Public Safety at the event?**

We are not publicising the event much beyond the local area, so we are ensuring that there are parameters on crowd control. As always, the event ends early at 5pm. Therefore, people can freely drink alcohol at the event if they would like. Our intention is that by providing an alternative to this that people know is raising money directly for future ~~galas - that people will be morally encouraged to drink alcohol responsibly in a safe space away from children~~

**12. How will you protect Children from harm at the event?**

Children will not be allowed access to the bar area, and people will not be allowed to take alcohol from ~~that area. This has proven to be effective on previous occasions.~~

## **SUPPLEMENTARY APPLICATION INFORMATION**

This information is required in relation to all Premises Licence/Provisional Licence applications or any application which is a Premises Licence Variation, not considered to be a Minor Variation.

Application submissions generally tend to be insufficiently detailed as to provide a complete picture of what businesses propose to provide the public. Therefore, Licensing Boards often have too little information, in advance of Board hearings, to fully appreciate what is being applied for. This situation often leads to numerous unnecessary objections and representation being made due to interested parties, such as neighbouring residents, not understanding what proposed activities really relate to i.e. What does Live Music actually mean and how will it impact on their lives. For these reasons, the Board has made a policy decision to require applicants to provide a fuller description of their business proposals and detail how the five licensing objectives will be met.

## **BUSINESS PROFILE**

Please describe your business offering

The application is for an alcohol licence for a gala day. This is a traditional community event that has a range of activities for individuals and families. These include highland dancing, mini highland games, a range of crafting workshops and craft stalls, children activities, and live music.

## **ON CONSUMPTION**

(a) Please describe the type of business you intend to operate in respect of On consumption.

There will only be sales on consumption in a cordoned off and restricted area.

## **OFF CONSUMPTION**

(b) Please describe the type of business you intend to operate in respect of Off consumption & deliveries

Gala event

**Entertainment** – Recorded Music; Live Performances; Dance Facilities; Theatre; Films; Gaming; Indoor/outdoor sports; Televised Sport – If you intend to provide for any of these facilities please describe the nature and extent and likely frequency of each:

We have live music on the day from two local bands. There will be highland dancing competition from local highland dancers.

**Outdoor Drinking Facilities** – If you intend to provide outdoor drinking facilities please describe where and what the facilities will be used for. You will also be required to provide a statement in the objectives section how you intend to prevent public nuisance from use of such facilities:

The drinking area will be outdoors in a marked off area.

**Adult Entertainment** – If you intend to provide any entertainment of a sexual nature please state the type and likely frequency if use. Adult entertainment is any form of sexual stimulation and includes adult humour or explicit language. The Board will also expect you to address the objective of preventing harm to children and young persons:

None of this will be provided

**Activities Outwith Licensed Core Hours** – In your Operating Plan, at 5(e), you should have given details of any activity that will be provided outwith core licensed hours. If you wish you can expand on your explanation here:

We expect the event to end around 5pm

**Any Other Activities** – In your Operating Plan at 5(f) you should have given details of any other type of activity you are likely to cater for. It would be useful to give an indication of the extent and frequency of such events:

In addition, please state where and what baby changing facilities will be provided for children under five years.

Children are allowed access to the war memorial park. There will be a number of activities for them in place throughout the day including a gala court, kids games etc. They will not be permitted access to the bar area where only alcohol can be bought and consumed.

## LICENSING OBJECTIVES

Please provide details below of how you will ensure that the 5 Licensing Objectives are complied with. It may be helpful in answering this section if you refer to the East Lothian Council Licensing Board's 'Statement of Licensing Policy, which can be found at

[https://www.eastlothian.gov.uk/downloads/file/27884/statement\\_of\\_licensing\\_policy\\_2018-2023](https://www.eastlothian.gov.uk/downloads/file/27884/statement_of_licensing_policy_2018-2023)

### Preventing Crime and Disorder

East Linton Gala is the smallest gala in East Lothian with a relatively small footfall. We have purposefully not advertised the gala far beyond East Linton/Dunpender area. The activities that we have on during the day are for a mix of adults and children. This is very much not a children's/familygala. We have a range of activities for adult individuals including multiple craft workshops. Our stalls have been specifically chosen so that they are active/informational and of a high quality so that they do not encourage people who have come for the day to get intoxicated.

East Linton War Memorial Park and surrounding areas are not covered by the alcohol prohibition bylaws. Therefore, it is perfectly acceptable for people to drink alcohol in the park that they have purchased elsewhere. By having a separate and cordoned off area where alcohol is sold and where the profit will go directly to the gala association, we hope to discourage people from drinking outwith the marked premise.

Staff at the bar will conduct stringent age verification checks. There will be a clearly delineated area, which will be stewarded at all times by a volunteer to ensure that there is no access by anyone underage - and that nobody leaves the designated area with alcohol. All drinks will be served in pre-approved plastic containers. A personal licence holder will be managing the bar - and those who will be serving will be required to undergo a minimum of two hours training.

### Securing Public Safety:

The event will end at 5pm during the summer when it is still light. We will strongly discourage people from drinking to excess, and we will ensure that staff who are serving alcohol do not serve anyone who is drunk or underage. As noted elsewhere, children will not be allowed access to the drinks area.

We know from previous experience that there is little to no anti-social behaviour at the East Linton Gala. It is not socially acceptable.

It should be noted that there is an expectation that people who will attend with their children will not attend in the drinking area, but that this area is for use by people who are primarily attending as individuals - again noting that this is an event which is for adults as well as children.

### **Preventing Public Nuisance:**

The event will end at 5pm and we will ensure that people are well cleared from the area. We will have regular litter pickers throughout the day, and that the live music concludes before 5.

### **Protecting and Improving Public Health:**

As per public health guidelines, we want to encourage alcohol to be consumed in moderation, and that it is possible to enjoy an alcoholic drink at public events, but not to drink to excess.

As people are free to drink alcohol in the war memorial park that they have bought elsewhere, we know that by having an area where the money from the sale of alcohol will go directly to the gala, that this puts social pressure on them to drink only in the restricted area. This was effective in previous galas.

While it is noted that there is a presumption that alcohol will be not consumed at events which are for children, it is clear that the focus of the East Linton Gala is on a wider community and inclusive basis than purely for under 18's. We have a range of activities and entertainment for plus 18's only and we have not advertised this event as a children's gala. Indeed, the intention is to focus on the history of East Linton throughout the day, appealing to an older demographic.

### **Protecting Children and Young Persons From Harm:**

Children and young people will not be allowed in the restricted area. As noted earlier, people will not be served alcohol if they are seen to be drinking to excess.

## APPLICATION SUPPORTING COMMENTS

### Additional Information

East Linton Gala is the smallest gala in East Lothian, and we have not advertised widely outwith the local area. There has been little to no anti-social behaviour in previous galas, which is in contrast to some other areas in East Lothian. The reason for this, is that behaviour is clearly seen as socially unacceptable and not in the spirit of the gala day. People do not come to this event to drink to excess. The events that we have organised throughout the day are not entirely focused on children - there is live music for adults, and adult workshops for crafting, including a range of speakers on wider societal issues. The food and drink (both served in the pop up street food trucks and also at the stalls) is of high quality, and typically artisan and representative of the best that East Lothian has to offer. This is an event which encourages people interested in cultural activities to attend.

The alcohol area does however offer up a revenue stream for future events. At the last gala, the alcohol area took approximately £1000 in profit. This equates to approximately a fifth of our overall revenue, so it is a critical in terms of fundraising. This is particularly so, as for the first time we have not been in receipt of any funding from Dunsper CC, in contrast with previous years. Routes for fundraising are limited, and while this

### Supporting Comments

i.e. reasons why the Board should support your application.

in itself is not a determining factor as to why a licence should be issued, it is however in my view a compelling factor - as the money is used to offset wider social issues in east linton and we have been able to give children access to all the events aimed at them on the day for free.

I would also suggest it is erroneous that people who will attend the bar area will be parents of children. This has not be the position on previous occasions. The gala is for the wider community and there are many elderly people who will be attending for the East Linton History celebration being held in the community hall.

The drinking area will be well marked, with a steward to ensure age verification and also that no alcohol is taken from the premises. The bar manager will have a personal licence and all staff who operate on the bar will complete the mandatory two hour training required under the 2005 Act. The area will have appropriate signage and the bar will also be limited in selling of beers, wine and prosecco. There will be no spirits for sale.

All drinks will be served in plastic containers.

## LICENSING STANDARDS

From: Licensing Standards Officer

Clerk to the Licensing Board

---

Date: 8<sup>th</sup> April 2024

Subject: LICENSING (SCOTLAND) ACT 2005

OCCASIONAL LICENCE APPLICATION(S)

CATHERINE McMEEKEN FOR EAST LINTON GALA COMMITTEE, EAST LINTON WAR  
MEMORIAL PARK, EAST LoTHIAN

The applicant is Catherine McMeeken who is a representative of East Linton Gala Committee. Application has been made for an occasional licence for a bar at East Linton Gala. The event is described as a gala day for the local community with outdoor music, bands, highland dancing competition, mini highland games, gala court procession, BBQ, craft stalls and craft workshops. It is expected that there will be 400 people attend throughout the day.

The duration of the application is:

OCC198/23 – Saturday 8<sup>th</sup> June 2024, 1300-1700.

A bar has been proposed in a designated area which will be cordoned off but no specific plan of this area, including the size and set up has been submitted. I recommend that this should be completed to establish the exact area to be licensed and how it be cordoned off, prior to consideration of this application.

I direct the board to the Statement of Licensing Policy Section 22.14

*It is the policy of the Licensing Board that events that are predominantly organised for children should not necessarily attract the need for an alcohol licence to be granted in relation to it. Therefore, applicants for events mainly focused towards children and families, where the majority of attendees will be children, young persons and families, will be required to justify why an alcohol licence is required and may be required to attend a Licensing Board hearing for a determination.*

Should the board wish to grant the application I recommend the following conditions are considered:

1. The marquee/outside area, must be clearly delineated with a barrier and stewarded by the organiser to ensure that there is no alcohol taken from this area.
2. No glass or cans permitted. All drinks should be served in alternative containers such as plastic or a reusable alternative.
3. Appropriate signage must be clearly displayed within the bar area, relative to age restrictions and relevant conditions of the licence. Signage should clearly identify:

- A sign prohibiting the entry of persons Under 18 to the licensed area.
- A sign prohibiting sale or supply of alcohol to persons Under 18 to be clearly displayed at any bar servery.
- Challenge 25 policy and signage must be used.
- The specific opening and closing times of the bar.
- Responsible drinking message.

4. The serving of alcohol by all staff must be undertaken in a responsible and safe manner.

In line with board policy above, I refer the applications to the Licensing Board for determination if the applicant can justify their request and if the measures demonstrated promote the five licensing objectives for the grant of the occasional licence.

Dear Sir/Madam,

OCCASIONAL LICENCE APPLICATION  
PREMISES: EAST LINTON MEMORIAL PARK, BANK ROAD, EAST LINTON,  
EAST LOTHIAN, EH40 3AH.  
APPLICANT: CATHERINE MCMEEKEN / EAST LINTON GALA ASSOCIATION**

I refer to the above application and in terms of Section 58(1)(b)(ii) of the Licensing (Scotland) Act 2005, I make the following representation in relation to the application:

This application relates to an alcohol licence for a gala event organised for children and families in the local area. This application may be appropriate to be heard at a licensing board as the East Lothian statement of licencing policy states the following at paragraph 22.14 (occasional licences):

*'It is the policy of the Licensing Board that events that are predominantly organised for children should not necessarily attract the need for an alcohol licence to be granted in relation to it. Therefore, applicants for events mainly focused towards children and families, where the majority of attendees will be children, young persons and families, will be required to justify why an alcohol licence is required and may be required to attend a Licensing Board hearing for a determination.'*

Police Scotland are of the opinion that the responsibility for confirming the identity of the applicant, and the validity and current status of any Premises or Personal Licence (including details of any previous or existing suspensions, variations, written warnings or endorsements) quoted on the application form where it was issued in another Board area, rests with the Local Authority and the Licensing

In relation to the below and attached, this office has no comments to make at this stage as the application is for a provisional premises licence and the agent has advised that everything is very much at an early stage and the premises are currently "a shell" (see email attached).

The applicant has been advised by the agent of the need for the operator to register with this authority should their proposals come to fruition.

Best regards

Objection for granting off licence for the above premises.

Dear Sir/Madam

We are writing as the property owners/ landlord of 26/28 Bridge Street, Tranent, East Lothian, EH33 1AG. Trading as Day Today Tranent.

We would like to object to this licence being granted as our tenant Mr Manish Kumir has been in touch via email very concerned regarding another premises being granted an off sales licence. In such a small town there are already 9/10 premises selling alcohol. With the cost of living and operating a small business, staff wage increases, operational costs, rent rates. He may have to try to exit his lease as any more competition he will struggle to make ends meet. This is very concerning

These small shops already have to compete with Asda and Aldi, online shopping, as well as each other giving out more off licences is going to put all these shops under more pressure with operating costs just rising with no end in sight just now.

I urge the licensing board to take my points into consideration when making a decision on the above application as it will affect all the small businesses in Tranent.

Kind Regards,  
M.A.Nadeem  
(Director Fairway Scot LTD)

Dear Sir/Madam

Good afternoon

I am writing regarding the recent application for off sale license at 58 High Street Tranent EH33 1HH.

I am a retail in tranent at 22 High street Tranent EH33 1HQ and I would like to strongly object the application for off sale license at 58 High Street Tranent EH33 1HH.

As I've been trading in tranent for over 1 year now, we work within the local community responsibly.

Being trading in tranent in the last year I've realised the we (retailers) are already struggling with the businesses and think there's no need for another licence premises.

Opening another licensed premises will eventually cause closing of existing premises including my own as I have already have licensed premises within 20 metres of my business and another three not far off. There are many young teenagers due to a school near by and I believe opening another off license may cause further access to young teenagers. I also believe that the accumulation of off license shops in the same area can cause disruption for other businesses struggling even in these hard times.

I once again strongly object the off sale application to save our youth and existing retailers.

I hope my objection will be considered and if you need to contact me regarding the matter you're more than welcome to.

Kind regards

Tranent news agents.

Dear sir/madam,  
Please refer to attachment and would like to bring forward the matter of

objecting as a landlord in regard to the alcohol licence premises in Tranent. We already have an alcohol licence business and there are a few other alcohol licence business surrounding the area. We think granting another alcohol licence in the area will over provision alcohol licence in the area which will lead to more antisocial behaviour and effect other licence businesses which are already struggling in the economic climate. We are hugely concerned it can or may lead to the remaining businesses closure.

As a landlord we have had to cut down rent charges due to lack of business and having another alcohol license in the area will affect our business more.

On these basis, we strongly object to another alcohol based premises in the area.

Could you please consider our concerns and decline the application.

Yours sincerely  
Abdul Nadeem

I am writing to object against one stop Tranent ltd (58 high street Tranent, eh33 1ahh) from being granted an alcohol licence. We are a small family run business and are struggling financially as it is. Our business wont survive if more shops are granted alcohol licences. There are already many stores for the public to choose who they buy alcohol from. More stores selling alcohol could cause more harm to locals in Tranent (5 licsening objectives). We need the support from the council in order for our small businesses to run. So many businesses have closed down due to not making any profit and I feel that if more shops are granted licenses we will have no option but to close too. This leads to more empty shops and lost jobs in Tranent. Please consider my objection carefully.

Subject: objection for issuing off license for premises

Dear sir or Madam,

I am writing to you as the owner of Day Today , located at the address mentioned previously.

I wish to object to the application from one stop limited for a premises license and sale of alchohal from 10am to 10 pm every day.

My obection is based on various factors listed below

- 1) There are already many shops in the area who are allowed to sell alcohol apart from local shops there are asda and aldi who have rights to sell alchohal in tranent
- 2) As a owner of superstore day today just wanted to let you know that due to rise in living cost local businesses are also suffering if one more store got the licence it will affect our sales as well and we have to cut down the staff which is not good for the local staff.

Thank you for your attention to these concerns  
Looking forward to hear from you

## **SUPPLEMENTARY APPLICATION INFORMATION**

This information is required in relation to all Premises Licence/Provisional Licence applications or any application which is a Premises Licence Variation, not considered to be a Minor Variation.

Application submissions generally tend to be insufficiently detailed as to provide a complete picture of what businesses propose to provide the public. Therefore, Licensing Boards often have too little information, in advance of Board hearings, to fully appreciate what is being applied for. This situation often leads to numerous unnecessary objections and representation being made due to interested parties, such as neighbouring residents, not understanding what proposed activities really relate to i.e. What does Live Music actually mean and how will it impact on their lives. For these reasons, the Board has made a policy decision to require applicants to provide a fuller description of their business proposals and detail how the five licensing objectives will be met.

**Subject:** LICENSING (SCOTLAND) ACT 2005

PREMISES LICENCE MAJOR VARIATION

EL0283, LITTLE SUPERSTORE, 2 PARK ROAD, ORMISTON, EAST LoTHIAN EH35 5JS

I can confirm that the applicant and premises have been visited in relation to this variation application and the site notice was displayed.

On the door of the shop there was a notice displayed that looked old, detailing "We serve alcohol Monday-Sunday from 10am-10pm 7 days a week". The rest of the notice detailed the age verification policy being challenge 25, a section dealing with proxy sales, and sales to drunk persons.

A compliance visit was conducted where the display area was checked, and a staff training record was given for the member of staff present. The summary of premises licence was not displayed, and the staff member was asked to put it up on the wall. Other signage was present and correct.

The changes applied for are:

- To change off sale hours on a Sunday from 12noon – 10pm to 10am – 10pm

It appears that this change has been requested in a somewhat retrospective manner after the licence holder has realised that the commencement hour on a Sunday was 12 noon and not 10am as they originally thought.

## SUPPLEMENTARY APPLICATION INFORMATION

This information is required in relation to all Premises Licence/Provisional Licence applications or any application which is a Premises Licence Variation, not considered to be a Minor Variation.

Application submissions generally tend to be insufficiently detailed as to provide a complete picture of what businesses propose to provide the public. Therefore, Licensing Boards often have too little information, in advance of Board hearings, to fully appreciate what is being applied for. This situation often leads to numerous unnecessary objections and representation being made due to interested parties, such as neighbouring residents, not understanding what proposed activities really relate to i.e. What does Live Music actually mean and how will it impact on their lives. For these reasons, the Board has made a policy decision to require applicants to provide a fuller description of their business proposals and detail how the five licensing objectives will be met.

**BUSINESS PROFILE**

Please describe your business offering

This is a new outside area to be added to the licensed area. It will be used for customers to sit outside, weather permitting.

**ON CONSUMPTION**

(a) Please describe the type of business you intend to operate in respect of On consumption.

For use by customers of the bar who will come in and purchase drinks to take outside.

**OFF CONSUMPTION**

Not applicable.

**CLARIFICATION IS REQUIRED IN RELATION TO THE  
CONTENT OF YOUR PROPOSED OPERATING PLAN**

To what extent do you intend to use any of the following:  
Accommodation; Conference Facilities; Restaurant Facilities; Bar Meals:  
Non of these in this area.

**Social Functions** – Weddings; Birthdays; Retirements ; Other:

advantage of this area.

**Entertainment** – Recorded Music; Live Performances; Dance Facilities;  
Theatre; Films; Gaming; Indoor/outdoor sports; Televised Sport – If you  
intend to provide for any of these facilities please describe the nature and  
extent and likely frequency of each:

None .

**Outdoor Drinking Facilities** – If you intend to provide outdoor drinking facilities please describe where and what the facilities will be used for. You will also be required to provide a statement in the objectives section how you intend to prevent public nuisance from use of such facilities:

There will be no music in this area.

The area will be monitored by staff and covered by CCTV.

The permission is till 8pm, within the Board policy, to minimise any such nuisance.

**Adult Entertainment** – If you intend to provide any entertainment of a sexual nature please state the type and likely frequency if use. Adult entertainment is any form of sexual stimulation and includes adult humour or explicit language. The Board will also expect you to address the objective of preventing harm to children and young persons:

Not applicable.

**Activities Outwith Licensed Core Hours** – In your Operating Plan, at 5(e), you should have given details of any activity that will be provided outwith core licensed hours. If you wish you can expand on your explanation here:

Might be used before licensed hours if customers were having a coffee or soft drink.

**Any Other Activities** – In your Operating Plan at 5(f) you should have given details of any other type of activity you are likely to cater for. It would be useful to give an indication of the extent and frequency of such events:

None.

**Children and Young Persons** – If you intend to provide access for children and young persons on the premises please provide details of what facilities you have on the premises in respect of different age groups. In addition, please state where and what baby changing facilities will be provided for children under five years.

**Subject:** LICENSING (SCOTLAND) ACT 2005

PREMISES LICENCE MAJOR VARIATION

TOWER INN, 128-130 CHURCH STREET, TRANENT, EAST LoTHIAN EH33 1BL

I can confirm that the applicant and premises have been visited in relation to this variation application. The site notice was on display and are required. The premises have been inspected over the last 12 months and found to be compliant with the Act. There has been 1 complaint in the last 12 months in relation to loud music and intoxicated patrons. A meeting was held with police, management and I at the premises and guidance was given.

The changes applied for are:

- To change layout to extend the outdoor drinking area to the side of the premises to form a beer garden.

The premises already has outdoor drinking on the operating plan and the small landing area at the top of the steps that enters the lounge bar is within the licensed area. From discussions with the director, Dominic McNeil of Cairn McNeill Group who run the premises, the intention is to create a contained external beer garden to provide a larger outdoor drinking area with seats for a maximum of 40 customers. Mr McNeil keeps regular contact with me in relation to the operations at the premises.

I recommend the following conditions in line with Board policy:

- 1) The outside area must be clearly delineated, and entry only be permitted to patrons by coming through the main premises.
- 2) No public entertainment, amplified music, amplified vocals or live music played in the outdoor area to ensure the use does not cause nuisance to neighbouring residential properties.
- 3) The use of outdoor areas will cease by 8.00pm
- 4) The external area is covered by an effective and properly maintained CCTV system.

Hello,

Please note there is no record of planning permission for the use of the area of land as a beer garden and planning permission would be required for the change of use of the land to a beer garden.

The applicant has submitted a planning application (24/00236/PP) which is currently invalid as we await further information. The applicant should wait until planning permission has been granted before starting any works to the proposed beer garden.

Good afternoon

I would like to raise concerns with regards to the application for major changes at The Tower Inn, Tranent (ref: CG/mjw/EN/L/L1).

I do not necessarily have 'objections' with regards to the building of an outdoor space, if the right rules are in place, but I do have concerns with regards to this. I have discussed these directly with Dominic McNeil but wanted them to be noted formally. My concerns relate to the noise to the surrounding residential properties that the influx of people drinking outside will cause.

We have had several dealings with Dominic and his team regarding the departure of their patrons in the early hours of the mornings, they are often loose willed, shouting, fighting, in the road and green areas for large periods of time. Dominic and his team have passed on their numbers to contact them should we have issues in the small hours with them not vacating the area. We have often had to contact them but I am disappointed that it comes to this on occasions as we are then at the mercy of their team.

Now with the building of a 'beer garden' are we to expect to have elevated noise up to 8pm or even possibly 10pm, as Dominic advised he has already been given permission to have them out there until 10pm. Also, what are the plans for live music, are we to expect this to be outside given that most of the patrons could be outside rather than in, at any one time?

We are in a conservation area and have single glazing with the Council blocking the opportunity to upgrade to double glazing, so how are we to protect ourselves from this additional noise? I have two small children, who often wake with the noise at kick out time and now I am facing the potential of having noise right through their bedtimes. So, reality is that my under 1yr old and 6yr old may have disrupted sleep for the majority of their weekends?

As I note above, I have discussed these issues with Dominic but I would like these concerns to be discussed on a larger scale to see if there are rule/regulations that can be put in place to assist all, not only residents, most of whom have young families, but the business too. I know Dominic has worked hard at turning the fortunes of the pub around, but it cannot be at the cost of those that live around it. The Council needs to find the balance in what is permitted to satisfy all.

Kind regards  
Chrissie Burt

**CAUTION:** This email originated from outside of the organisation. Do not click links or open attachments unless you recognise the sender and know the content is safe.

I would like to raise a few points that are concerning me regarding the proposed changes to the Tower Inn with regards to the building of an outdoor space to accommodate up to 40 people. I am concerned about noise issues with lots of people drinking and probably music playing. I have already been disturbed by loud music when the Inn first opened. I would point out I live in Duncan Gardens in the 1st house I could hear the music in my lounge which is at the back of a detached property it was very loud. I have been wakened up several times in the early hours of the morning with people coming into our street and shouting etc this is a cul de sac with no way out. I have also witnessed people across from my garage doing things they shouldn't be doing and a couple of times it sounded like someone was trying to open my garage door but it may well have been people leaning against the door. I feel I now have to go to the trouble of getting a security light and camera put above my garage door. I have lived here for 31 years and have never had any trouble like this until the Tower changed hands, it would appear they are attracting a young crowd it was always a quiet pub and we never had any problems with bad behaviour. There has been a lot of noise and fighting on Church street, I have also noticed quite a lot of vomit on Church Street and the odd glass and bottles at weekends obviously from people who have been drinking. We get a lot of cars parked in our street when there is a function on in the pub I am happy if people leave their cars overnight at least they are not drinking and driving but sometimes the cars are

left for days on end its not a big street so it can be very inconvenient for people living here I have often had cars parked

across my garage door.

This is a conservation area its being spoiled for the residents in the area.

I am an elderly lady living on her own I feel my nice quiet existance has gone and don't feel secure any more. I worry it will only get worse

if things are not dealt with fairly and sensibly to all concerned.

Regards

Mrs M.V.Rutherford

**DISABLED ACCESS AND FACILITIES STATEMENT**

*Licensing (Scotland) Act 2005, section 20(2)(b)(ia)*

**Question 1**

**Disabled access and facilities**

1(a)	Is there disabled access to the premises	YES
1(b)	Do you have facilities for those with a disability	YES
1(c)	Do you have any other provisions available to aid the use of the premises by disabled people	YES
<i>*Delete as appropriate</i>		

If you have answered Yes to any of the questions above please complete, as appropriate, the following sections.

**Question 2**

**Disabled access to, from and within the premises**

Please provide clear and detailed description of how accessible the premises are for disabled people. e.g. ramps, accessible floors, signage.

The premises were constructed recently and therefore required to comply with Building Standards regulations regarding access and facilities for people with disabilities. This is all in place.

From an access point of view there is disabled parking spaces, which then lead, over a flat path, into the premises. The access is wide and someone in a wheelchair for example should be able to access without difficulty.

There is levelled access throughout the entertainment space as per Building Standards requirements.

**Question 3**

**Facilities available**

Please describe in detail the facilities provided for disabled people. e.g. disabled toilets, lifts, accessible tables.

As explained, the premises have been built in accordance with the Building Warrant which contained certain requirements regarding disabilities.

~~There are disabled parking spaces. The access is suitable, and there is an accessible toilet within the premises.~~

As it is mainly weddings and functions, in general there would be table service, but certainly anyone with difficulty in ordering would be assisted by the staff.

Staff Training is specifically designed to ensure that all staff are taught how to deal with anyone, not only with mobility issues, but hearing, sight etc.

**Question 4**

**Other provisions**

Please provide details of any other provisions made to aid the use of the premises by disabled people. e.g. assistance dogs welcome, large print menus.

## SUPPLEMENTARY APPLICATION INFORMATION

This information is required in relation to all Premises Licence/Provisional Licence applications or any application which is a Premises Licence Variation, not considered to be a Minor Variation.

Application submissions generally tend to be insufficiently detailed as to provide a complete picture of what businesses propose to provide the public. Therefore, Licensing Boards often have too little information, in advance of Board hearings, to fully appreciate what is being applied for. This situation often leads to numerous unnecessary objections and representation being made due to interested parties, such as neighbouring residents, not understanding what proposed activities really relate to i.e. What does Live Music actually mean and how will it impact on their lives. For these reasons, the Board has made a policy decision to require applicants to provide a fuller description of their business proposals and detail how the five licensing objectives will be met.

### **BUSINESS PROFILE**

Please describe your business offering

The premises are a purpose built event space, principally for weddings which generally take place on either a Wednesday or Saturday. In addition there may be events such as conferences, training courses, corporate events etc, but weddings are certainly the most common form of event.

The facility might be used for classes, such as exercise, yoga etc.

When a booking is taken either Marie or Darcie who are the Event Managers will be with the couple throughout the event management process up until their first dance. Their Operations Manager, who is an ex Police Sergeant in East Lothian, manages all of the weddings and closes the venue after carriages at midnight.

### **ON CONSUMPTION**

(a) Please describe the type of business you intend to operate in respect of On consumption.

On sales would be in connection with an event and people attending this, such as weddings, conferences etc. There would generally be a meal or food as part of the event.

### **OFF CONSUMPTION**

(b) Please describe the type of business you intend to operate in respect of Off consumption & deliveries

Not applicable.

**CLARIFICATION IS REQUIRED IN RELATION TO THE  
CONTENT OF YOUR PROPOSED OPERATING PLAN**

To what extent do you intend to use any of the following:

Accommodation; Conference Facilities; Restaurant Facilities; Bar Meals;

There is accommodation involved, as shown on the Layout Plan, and these facilities will generally be used by people attending the wedding or function.

The premises do cater for conference facilities of all kinds.

Restaurant facilities would be the provision of food at these events. Food in general is brought in by the caterers of the event rather than produced by the venue itself but it is possible that cooking/heating up could take place.

Bar Meals - not applicable.

**Social Functions** – Weddings; Birthdays; Retirements ; Other:

If you intend to provide for any of these functions please describe the nature and extent and likely frequency of each:

The main business of the premises are weddings, which are booked up well in advance and take up Wednesday and Saturdays in general. It is considered that the days in between are required to prepare for the next one.

However there may be occasional functions such as birthdays, retirements on those other days. Again they would have to be pre-booked and a specific organiser/ contact provided.

**Entertainment** – Recorded Music; Live Performances; Dance Facilities; Theatre; Films; Gaming; Indoor/outdoor sports; Televised Sport – If you intend to provide for any of these facilities please describe the nature and extent and likely frequency of each:

- Recorded Music would be background music at the event, or in the accomodation.
- Live Performances could be a band for instance for the wedding, or someone playing the bagpipes, or of course a DJ.
- For corporate events there might be other forms of entertainment such as a comedian, a speaker or tutor etc.
- ~~There are Dance Facilities, particularly for weddings, but could be relevant for other events as well.~~
- With regard to Theatre and Films these could take place with appropriate Licences
- Gaming - Not applicable
- Indoor/ Outdoor Sports - possibly by guests organising something informal
- Televised Sport - this would be for people staying in the accommodation, but there might be a corporate event, perhaps golf orientated, which would involve a screen.

**Outdoor Drinking Facilities** – If you intend to provide outdoor drinking facilities please describe where and what the facilities will be used for. You will also be required to provide a statement in the objectives section how you intend to prevent public nuisance from use of such facilities:

It is possible for customers to take their drinks outside. This is within a private estate owned by our clients' directors, and there would be no disturbance or interference with any other residents.

Those staying in the accommodation might want to sit outside later in the evening, or in the morning to have their breakfast for instance.

As explained, taking into account the location, it is highly unlikely that this would cause a nuisance.

**Adult Entertainment** – If you intend to provide any entertainment of a sexual nature please state the type and likely frequency if use. Adult entertainment is any form of sexual stimulation and includes adult humour or explicit language. The Board will also expect you to address the objective of preventing harm to children and young persons:

Not applicable.

**Activities Outwith Licensed Core Hours** – In your Operating Plan, at 5(e), you should have given details of any activity that will be provided outwith core licensed hours. If you wish you can expand on your explanation here:

There will of course be accommodation and therefore some of the Activities mentioned above such as TV Sport, might take place outwith core hours.

~~Conferences and Club Meetings might start prior to licensed hours, possibly from 8am or 9am. The same would apply to corporate events.~~

No alcohol would be sold or supplied however until such time as it is permitted legally.

**Any Other Activities** – In your Operating Plan at 5(f) you should have given details of any other type of activity you are likely to cater for. It would be useful to give an indication of the extent and frequency of such events:  
Other than the events there might be occasional dance, yoga, exercise classes as mentioned.

**Children and Young Persons** – If you intend to provide access for children and young persons on the premises please provide details of what facilities you have on the premises in respect of different age groups. In addition, please state where and what baby changing facilities will be provided for children under five years.

Children and young persons would require to be accompanied by an adult and attending a pre-booked event probably, although they might attend a class as well.

Children could be of any age and baby changing facilities will be in place.

## LICENSING OBJECTIVES

Please provide details below of how you will ensure that the 5 Licensing Objectives are complied with. It may be helpful in answering this section if you refer to the East Lothian Council Licensing Board's 'Statement of Licensing Policy, which can be found at

[https://www.eastlothian.gov.uk/downloads/file/27884/statement\\_of\\_licensing\\_policy\\_2018-2023](https://www.eastlothian.gov.uk/downloads/file/27884/statement_of_licensing_policy_2018-2023)

### **Preventing Crime and Disorder**

Firstly, during their time operating as an events venue, they have had no issues whatsoever, and have not had to phone the Police.

Because of its remote location, the only crime and disorder would be by the customers at the event and this would be highly unlikely. Nevertheless staff are trained to deal with such situation, and anyone behaving in an inappropriate fashion would be asked to leave. It is obviously awkward to ask people to leave such events, such as weddings, and therefore the ethos would be to prevent such incidents, which could be alcohol fueled, happening in the first place. There is also a problem with location in so far as it may not be possible for people just to leave. If they have had any alcoholic drinks they would be unable to drive and they might either be staying in the accommodation or waiting for a bus to collect them or a lift. As explained our client's staff are trained to deal with such situations. Competent and vigilant staff consistently monitor, and there is also 24 hour CCTV both inside and outside the venue.

### **Securing Public Safety:**

This is a recent development and therefore as part of the Building Warrant process has had to go through safety checks. The premises are well maintained and the safety of customers and staff is paramount to our clients.

Any issues which could conceivably affect public safety would be dealt with appropriately by management and staff.

~~As explained in the Business Offering section, our client's Operations Manager, an ex Policeman, deals with client's safety/ locking up, and is of course fully conversant with what the Police would expect/ require.~~

Regular safety checks for fire and electricity by professional bodies in addition to weekly fire alarm and smoke detector/ carbon monoxide tests throughout the venue and cottages.

They also have an annual health and safety inspection by Greens of Haddington.

### **Preventing Public Nuisance:**

As explained, the premises are remote and there have been no complaints regarding public nuisance.

The nearest residence outwith the estate are approximately five miles away.

As explained the Operations Manager is responsible for locking up, which is done promptly after the customers have departed.

They constantly monitor public conduct to ensure that guests comply with and pay respect for their venue, staff and each other.

### **Protecting and Improving Public Health:**

This is an events location, and not a destination for those wishing to drink alcohol as such. Excessive drinking is not permitted.

Nevertheless it is not unknown for people to drink too much at a wedding! Staff will be trained to identify any possible future issues, and perhaps have a chat with other people that are accompanying the person in question. We have already explained the difficulties with asking such customers to leave.

An event such as this is not an excuse for irresponsible consumption or over consumption of alcohol. Our clients do not wish guests to drink to that level, which would affect the whole ambience and spoil the wedding day. It would also not do the reputation of the venue any good.

### **Protecting Children and Young Persons From Harm:**

Children and young persons will be with an adult at an event or possibly a class. Whilst the accompanying adult, who will presumably in most cases be a relative, have ultimate responsibility for their care, staff will keep an eye out for any possible issues and draw to the attention of other people attending the event if they consider that children and young persons are being put in an inappropriate situation.

~~They will also look out in general for any behaviour which would be inappropriate for children being present.~~

## APPLICATION SUPPORTING COMMENTS

### Additional Information

Dunglass Estate Events operated a previous operation from 2012 and so far as we are aware there were no issues with this. This is a replacement facility, currently operating under Occasional Licences, which is superior to the previous building.

It has become very popular and weddings are booked well in advance.

### Supporting Comments

i.e. reasons why the Board should support your application.

This is a beautiful part of East Lothian and obviously at weddings and functions people are travelling from different parts of the country or further afield. It is highlighting East Lothian and we would ask for the Board's support to continue such a facility. It is accepted that the time on a Wednesday is in excess of your policy hours. However, as explained, weddings are generally held on a Wednesday or Saturday and in order to compete with other venues in other parts of the country it is important to our clients to have midnight and we will be asking the Board to accommodate that.

The previous Application, back in 2012, did allow midnight each night of the week and so far as we are aware these additional hours on Monday to Wednesday did not cause any issues. For this Application we have not requested the additional hour on Monday and Tuesday, just the Wednesday.

At the Hearing we will of course provide our arguments in support of this facility.

Dear Gillian,

The Licence Application EL402 was discussed and minuted at the Cockburnspath and Cove Community Council Meeting held on Wednesday 13th March 2024.

The Community Council was supportive of the application.

The Dunglass Estate provides employment for a number of local people through its wedding related activities with further knock on benefits to the Community Shop through increased custom from visitors to the Estate, and benefits to local people that operated AirBnB type businesses.

It was not felt that there was any detriment due to the extra licensed hour from 23:00 to 0:00, and no representations from members of the public had been received.

Many thanks

Dear Sirs,

Dunglass Estate Premises Licence

Oldhamstocks Community Association SCIO write in support of the application by Dunglass Estate Wedding venue for an extension of licensing hours on Wednesdays - from 11pm to midnight.

There is no doubt that Dunglass Estate is a successful and valuable local business, providing considerable local employment opportunities and income for the local communities.

They employ over 20 staff from the area as well as supporting local businesses, with wedding couples and guests using many of these services whilst staying in the area.

The one hour extension of their licence for Wednesday weddings will ensure that Dunglass are able to provide the same high quality wedding package as they do for those held on a Saturday.

We trust that you will consider this relatively minor extension to the licence to be of great value not only to Dunglass, but to our local area, ensuring that existing bookings for Wednesday weddings are not at risk of cancellation and subsequent loss of income, employment and business.

Your sincerely,

John McGregor  
Chair, OCA/OCA SCIO

Date: 8<sup>th</sup> April 2024

**Subject:** LICENSING (SCOTLAND) ACT 2005

PROVISIONAL PREMISES LICENCE MAJOR VARIATION

BROXMOUTH COURTYARD, BROXMOUTH PARK, DUNBAR EAST LOTHIAN EH42 1QW

On 31<sup>st</sup> March 2022, a provisional premises licence was granted for the above location with the licence holder being Broxmouth Estates. The venue has and continues to operate on occasional licences for weddings.

I can confirm that I have spoken with the applicant's agent Caroline Loudon. The premises have been visited previously and I liaised with Paul Mitchell who has applied for the occasional licences at the premises. At my last visit the premises was found to be fully compliant with the occasional licences granted, and well managed. I have not received any complaints about the premises.

The changes applied for are:

- To change the terminal on-sale hour Monday – Wednesday to Midnight.
- To add accommodation.
- To add additional wording to Q5(f) to detail activities such as corporate, community and charity events including raffles and auctions, tasting and sampling, exhibitions, and special events such as product launches. Marquees and pop-up bars may be used to service external licensed areas.
- To add click and collect delivery service to Broxmouth Estate only.

The current licensed hours of the premises on the provisional premises licence which are in line with Board policy are as follows:

**Current ON SALES**

<i>Day</i>	<i>ON Consumption</i>	
	<i>Opening time</i>	<i>Terminal hour</i>
<i>Monday</i>	11:00	23:00
<i>Tuesday</i>	11:00	23:00
<i>Wednesday</i>	11:00	23:00
<i>Thursday</i>	11:00	01:00
<i>Friday</i>	11:00	01:00
<i>Saturday</i>	11:00	01:00
<i>Sunday</i>	11:00	00:00 (12 Midnight)

The current off sale hours are 1100-2200 hours.

The new on- sales hours applied for are, as shown below:

**Proposed ON SALES**

<i>Day</i>	<i>ON Consumption</i>	
	<i>Opening time</i>	<i>Terminal hour</i>
<i>Monday</i>	11:00	00:00 (12 Midnight)
<i>Tuesday</i>	11:00	00:00 (12 Midnight)
<i>Wednesday</i>	11:00	00:00 (12 Midnight)
<i>Thursday</i>	11:00	01:00
<i>Friday</i>	11:00	01:00
<i>Saturday</i>	11:00	01:00
<i>Sunday</i>	11:00	00:00 (12 Midnight)

The requested terminal on-sales hours of 12 midnight Monday – Wednesday are outwith Board policy with the policy the terminal hours on Monday to Wednesday being 2300 hours.

From conversation with Ms Loudon, I understand the click and collect delivery service will be to allow those staying on the estate to pre-order and collect alcohol and other food to take away for example a picnic hamper with alcohol. I recommend the board considers the following condition in relation to the click and collect delivery service.

- 1) Should a service of delivery of alcohol to customers be conducted, the terms of the Licensing (Scotland) Act 2005 Section 119 and those of the Board’s statement of licensing policy on deliveries of alcohol, should be complied with.

**SECTION 28 – PREMISES LICENCE CEASE TO HAVE EFFECT**

**EL0369 BEER ZOO, 35 HIGH STREET, DUNBAR, EAST LoTHIAN**

**7**

The Licensing (Scotland) Act 2005, section 28(1)(b) & 28(5)(D) provides that in respect of a premises licence the premises licence holder, being an individual, a partnership or a company, becomes insolvent the licence will cease to have effect.

On 2<sup>nd</sup> February 2024 the premises licence EL0369, Beer Zoo was confirmed and granted to the premises licence holder Northern Hobby Ltd.

On 4<sup>th</sup> April 2024 the attached email was received from Dominic Holt director of Northern Hobby Ltd notifying the Board that the company had gone into administration and become insolvent. A check on Companies' House confirms this.

I recommend that East Lothian Licensing Board note the content of this report and confirms by declaration at the next meeting of East Lothian Licensing Board that premises licence No. EL0369 now ceases to have effect, and that they notify the premises licence holder accordingly.

Good morning.

I am premises manager of 35 High Street Dunbar, EH42 1EW, premises license number EL0369 11/10894. Northern Hobby Ltd, who holds the license, has unfortunately gone into administration. Please advise. Do I need to resign as premises manager, in which case how do I do this?

Many thanks  
Dominic Holt
